

the world changed.

education didn't.

India's \$15 trillion dream
needs new builders.
the ***school of future***
is where they begin.

SOF the school
of future

now inviting the founding
cohort of 50.

the crisis is clear.

India has been building the future
with outdated tools.

only 1

Indian university ranks in the world's top 250

46.1%

graduates are ready for AI and ML jobs.

42.6%

graduates are employable

sources: mercer | mettl 2025; the rankings 2025.

the school of future
is here to change that.

the next chapter of india's growth will be written in bharat.

not in metros — but in the tier 2 and tier 3 cities
driving india's new economic revolution

the school of future identifies, nurtures, and
launches the leaders of these cities —
builders who will shape india's next decade.

SOF isn't an alternative to an MBA.
it's the **answer** to it.
