

Doctor on Demand

When you need care — anytime, day or night — or when your primary care provider is not available, telemedicine can be a convenient option. With telemedicine, you don't have to drive to the doctor's office or sit in a waiting room when you're sick — you can see your doctor from the comfort of your own bed or sofa.

Register Today so You are Ready When You Need Care

Avoid germs in the ER, urgent care clinic, or doctor's office.

See a board-certified, licensed, telehealth-trained doctor on your schedule with on-demand virtual visits 24/7, including nights, weekends, and holidays.

Get treated for more than 80 common conditions including colds, flu, allergies, and more.

Get a prescription or short-term refill of any existing prescription sent to a pharmacy nearby in less time than your usual doctor visit.

Avoid costly copays and deductibles associated with the emergency room and urgent care clinics.

Using Telemedicine is as Easy as One, Two, Three!
