

# HALO

Data Sheet

# HALO 8

## Clear Sound, Seamless Design

The HALO series 2-way coaxial ceiling speakers are designed to deliver high-quality audio performance in a wide range of indoor environments. Whether it's for background music, announcements, or emergency alerts, the HALO series ensures clear and consistent sound in commercial and residential spaces such as offices, hotels, restaurants, and homes.

## Hear the Detail, Feel the Difference

The HALO series uses a 2-way coaxial design with a polypropylene woofer and dome tweeter, available in 5", 6", and 8" sizes for different space requirements.

## Versatile Power, Fast Installation.

It supports both 70-100V and 8 $\Omega$  systems, and features a durable ABS body, metal grille, and easy dog-ear mounting for quick installation.

# Technical Specifications

## General Specification

## Ceiling Speaker

Power Tappings:

20W / 40W

Line Input:

70-100V / 8Ω

Frequency Response:

60Hz~20KHz

Sensitivity (1w,1m) :

93 ±3dB

Cutout Size:

Ø 240mm

Dimensions (LxH):

Ø 270x105mm

Finished:

White

Material:

ABS Enclosure & Metal Grille

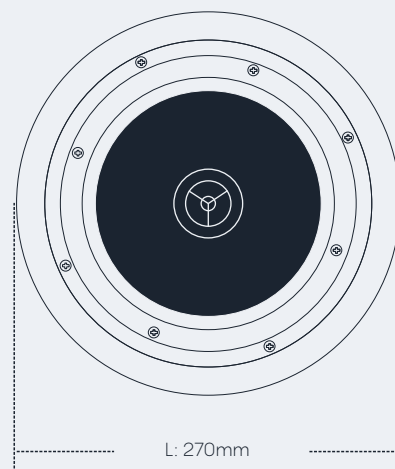

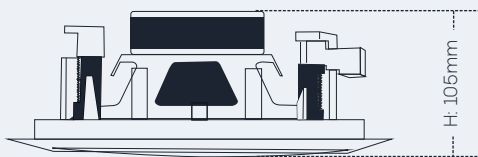

Speaker Unit:

8" Woofer + 1" Tweeter

Net Weight:

2.1kg
