BRITISH ACOUSTIC TECHNOLOGY

### Crystal Clear Sound, Always Heard

The speaker features high-quality 2-way coaxial drivers and precisely calibrated crossovers, providing clear, detailed sound with distinct treble and bass for outstanding audio performance.

### Sleek Performance for Every Setting

Application: Ideal for boutique hotels, luxury homes, fine dining venues, luxury retail spaces, museums & galleries, and VIP lounges, the CLING series delivers the perfect balance of premium performance, refined style, and cost-effectiveness.
