BTMP Dual

Data Sheet

Key Features

BTMP Dual

Play It. Record It.
Stream it — All in One.

The **BTMP** Dual is a professional 2-channel all-in-one digital media player designed to deliver flexible and reliable audio playback for commercial and public environments. It supports a wide range of media sources—including CD, USB, Bluetooth, FM, AM, RDS, and DAB/DAB+—all integrated into a single, compact unit.

Twice The Control,
Total Flexibility.

The **BTMP** Dual delivers seamless playback across modern and legacy formats, supporting Bluetooth, USB, DAB/DAB+, CD, and FM/AM radio. Its dual-channel design enables independent control of two sources, perfect for multi-zone audio systems.

Simple Control,
Pro Performance.

Engineered for everyday professional use, the **BTMP** Dual features a user-friendly front panel, a bright and clear LCD display, and remote control capability for easy operation. Its solid construction and dependable performance make it a great choice for environments such as retail spaces, hospitality venues, schools, and conference centers.
