

# CIRCA MINI

Data Sheet

# CIRCA MINI

## Where Sound Meets Style

Engineered with high-quality sound performance in mind, the **CIRCA** utilizes advanced drivers and finely tuned acoustics to deliver clear and balanced audio. The adjustable mini spotlight provides focused illumination, complementing its robust construction and ensuring easy installation and long-lasting reliability. This blend of style and functionality makes the **CIRCA** an ideal solution for elevating both sound and ambiance.

## Sound and Light, Perfectly Aligned

The **CIRCA MINI** ceiling speaker features an innovative dual-function design that combines powerful audio delivery with an integrated mini spotlight, making it perfect for creating versatile atmospheres in any setting.

## Seamless Style, Superior Integration

Its compact and sleek design ensures seamless integration into modern ceilings, enhancing the decor of both commercial and residential spaces such as home theaters, conference rooms, and retail environments.
