

REALGREEN MOBILE:

Your whole business in the palm of your hand.

Run smarter, faster and from anywhere with RealGreen Mobile. Your field techs stay connected, productive and on track – whether they are online or not.

WORK WITHOUT LIMITS:

Offline mode means your team never loses data when they lose signal. Real-time sync keeps your office and field in perfect step.

STAY IN CONTROL:

Know exactly where your team is and what they're getting done with Live Truck Tracking, location verification, and progress monitoring

PROTECT YOUR BUSINESS:

Enterprise-grade security with user-defined access means your data stays safe and your techs only see what they need to see.

SERVE MORE CUSTOMERS:

Modern, intuitive workflows help techs move faster through their routes – with everything they need at their fingertips.

REAL RESULTS FROM REAL CUSTOMERS

RealGreen Mobile is built for the field and for growth. Here's what businesses like yours are achieving:

- 20% more customers managed without adding staff
- 2-3 additional stops per day, per crew
- 20% fewer skipped services
- 20% year-over-year increase in total service count*
- Nearly 3x revenue growth*

ROI

Admin time saved (10hrs/week @ \$20/hr) = **\$800 SAVED MONTHLY, \$9,600 ANNUALLY**

Additional stops (2-3/day x 5 crews @ \$60/stop) = **\$6-9K IN MONTHLY REVENUE, \$72-108K ANNUALLY**
