Hike or Bike Local Trails

With bluebird skies, dark green pines swaying in the breeze, crisp mountain air and the smell of the dirt under your boot or tire, exploring the hundreds of miles of trails is what enjoying nature at its finest is all about. But, where do you start? There are many online hiking apps and websites with hike descriptions and maps. Here are some resources and a short list to provide some ideas of trails and hiking destinations where you can enjoy fresh air and scenic vistas. Trails are for hiking and biking unless specified otherwise.

RESOURCES

AllTrails.com

At home or on the road, find your perfect hike, bike ride, or trail run by length, rating, and difficulty level. Filter by dog or kid-friendly trails, or find trails with great views. This popular outdoor app allows you to have 50,000 trails in your pocket.

Trailforks.com/region/truckee

Provides features to help you discover the best trails and routes to ride. Users help grow and maintain the database by submitting new trails, updating existing trails and logging their ride.

Truckee Donner Land Trust has acquired thousands of acres of land to preserve and protect scenic, historic and recreational land to be enjoyed by the public. **Guided Hikes:** To help introduce you and enjoy trails on all this land, the TDLT hosts docent led hikes. To register for a guided hike, maps and details on many trails, visit tdlandtrust.org.

Truckee Trails Foundation has many trail descriptions and access information on their website at truckeetrails.org.
