Education

BFA Graphic Design

Class of 2020

Myers School of Art at
The University of Akron

Ethic

Executing design tasks with excellence and a high attention to detail is of the utmost importance to me. I believe that exceptional design is achieved by aiming for the most ideal solution, not the easiest one.

Aspirations

My passion for design is rooted in a long-standing interest in visual systems, user interfaces, and human-centered design. Having started my career in brand identity and marketing, I've since begun to build upon that foundation with digital interface work using design systems thinking.

Competencies

Skills

Branding
Typography
Design Layout
Photo Manipulation

Webflow

Experience

- 2021 – Present
Allegion **Senior Graphic Designer**
As a designer on the Schlage team at Allegion, I create a wide variety of designs for both web and print, as well as retouch product renderings and room scenes. Since starting, I have progressed through the roles: 2D Artist → Graphic Designer → Senior Graphic Designer. In my current role, I have taken on the responsibilities of creating and assigning projects. In addition, I now help onboard new designers on standards and processes and assist our team creative director in reviewing draft design-work.
- 2019 – 2020
Curated Storefront **Graphic Designer**
In mid 2019 at the tail-end of my time at college, I worked as a freelance graphic designer at Curated Storefront, a local storefront restoration non-profit. I produced both print and digital pieces for the organization, including: booklet, letterhead, business card, and e-blast design.
- 2017 – 2020
LaBelle's Barber Parlor **Graphic Designer**
For about three years, I worked closely with the owner of LaBelle's Barber Parlor, providing graphic design services for the Akron, OH based shop. I concepted and built out branding for the shop, including storefront signage, business cards, and poster designs. Additionally, I created an assortment of package designs in support of the LaBelle's Hair Care line.
- 2018 – 2019
Emily Davis Gallery **Graphic Designer**
During my second year at college, I began working as a graphic designer and intern at the Emily Davis Gallery on campus. Design work included branding and supporting print and digital materials for the a House is not a Home, Decennalia: Ten Years of Myers in Venice, and Bits & Pieces: The Illustration of Red Nose Studios exhibitions. Internship tasks included working with a team to help install and maintain exhibitions.
