

VITA RESIN

TECHNICAL DATA SHEET

Vita Resin gravel is RAAFT's premium decorative gravel surface.

Available in a range of colours and blends, the gravel surface is extremely hard wearing and provides visually stunning finishes. Vita resin is the ideal surface for ground surfaces and roof terraces

Vita Resin is applied by mixing coloured aggregates with resin to form a level, permeable bound gravel system which is SuDS compliant.

Recommended build up to create a permeable non-combustible surface

- 20mm Vita Resin bounded surface finish
- Mesh membrane for reinforcement
- Steel support trays on RaafT joist system
- Aluminium 20mm edging

*Additional colours on request
