

MAXX 350

HIGH-PERFORMANCE CHLORINE DESTAINER

MAXX 350 is a concentrated sodium hypochlorite destainer designed for the demands of high-volume professional laundry operations. Its consistent strength and fast-acting bleaching performance help remove difficult stains and maintain the brightness and appearance of white linens. Effective at lower bleaching temperatures, MAXX 350 supports dependable results and efficient processing in commercial laundry systems.

FEATURES & BENEFITS

- **High-Strength Destaining** — Provides powerful chlorine bleaching action for challenging stains
- **Consistent Performance** — Concentrated formulation delivers dependable strength and quality
- **Fast-Acting Formula** — Provides effective bleaching action within demanding production environments
- **Lower-Temperature Performance** — Effective at lower bleaching temperatures to support efficient wash processing
