GREEN'R STAIN WASH

PRE-SPOTTING AGENTS

GREEN'R STAIN WASH POWER

GREEN'R Stain Wash Power is a pre-spotting agent. Powerful degreaser that acts at the heart of the textile to facilitate the removal of difficult soiling. Effective on oily stains (vegetable, animal, mineral oils, makeup, etc.) and enzymatic stains (egg, milk, blood, etc.) on all types of textiles.

- Powerful degreaser for easy removal of difficult soils from the core of the textile, great for treating collars and cuffs
- Can also be used as booster in the laundry process
- Can be used on most fabric types
- Part of the GREEN'R line of products

Available in a 6 x 750ml case.

GREEN'R STAIN WASH OXY

GREEN'R Stain Wash Oxy is a pre-spotting agent. Can also be used as a wash booster. Effective on bleachable stains such as wine, fruits, fruit juices, coffee, tea...

- For pre-treatment of bleachable stains and as a destaining agent in the laundry process
- While Stain Wash Oxy works on many fabric types, it should not be used on leather, suede, delicate fabrics or flame resistant materials
- Part of the GREEN'R line of products

Available in a 6 x 750ml case.
