

BOWL CLEANER PRO

SYNTHETIC HIGH ACID BOWL CLEANER

Bowl Cleaner Pro is the ultimate solution for commercial restroom maintenance. Its high acid formula effortlessly removes stubborn stains while protecting PVD coated fixtures. Enjoy the refreshing citrus scent without the fumes of traditional cleaners. Safe and easy to use, it tackles iron and rust stains in hard water conditions. With its thick consistency, it ensures effective coverage on all surfaces. Elevate your cleaning routine with **Bowl Cleaner Pro**.

Features & Benefits

- High acid detergent
- Will not damage PVD Coated Fixtures and finishes
- Non-fuming compared to regular phosphoric acid bowl cleaners
- Non-hazmat for ease of shipment and use
- Cleans iron and rust stains in hard water condition areas
- Thick formulation to cling to surfaces
- Fresh citrus fragrance

DIRECTIONS:

Recommended for cleaning toilets, walls, floors, and other hard non-porous environmental surfaces such as bathroom fixtures, sinks, tables, chairs, countertops, shelves, racks, carts, refrigerator exteriors, non-food contact surfaces or coolers, drains, glazed tile, linoleum vinyl, plastic (such as polyethylene, polypropylene, polyvinylchloride, and polycarbonate), metal, glazed porcelain, and glass. Swab bowl with brush to remove heavy soil prior to cleaning or disinfecting. Clean by applying 8 to 12 ounces of product per 1 gal of water. Use solution around the bowl and under the rim. Stubborn stains may require brushing. Let stand for 10 minutes or overnight, then flush.
