Professional Experience

HYSEA Summit 2026, Product Owner and UX Designer

November 2025 - Current (Hyderabad, India)

Owned end-to-end design and delivery for a tech conference website with over 1,000 attendees

- Conducted rigorous design audits, ensuring a high-fidelity, user-centric experience across all conversion paths
- Executed pixel-perfect implementation by contributing directly to the codebase
- Eliminated handoff friction by serving as the technical lead between strategic vision and final deployment, ensuring 100% design fidelity

Graphite GTC, UX Designer and Web Developer Intern

June 2025 - Current (Philadelphia, PA)

Built the company's new corporate website

- Effectively translated Figma Mockups into a fully-responsive website
- Built custom Lottie/JS interactions to improve time-on-page metrics
- Collaborated closely with the design team to maintain high-fidelity alignment with the original visual identity throughout the development lifecycle

Microsoft x SCADpro Sponsored Course, UX Design Lead

March 2025 - May 2025 (Savannah, GA)

Designed an application for a sponsor company

- Led a multidisciplinary UI Design team that designed the interface and prototyped the experience of using the proposed solution on Figma
- Defined the solution's key features and strategic framework, contributing critical insights across all phases from initial research to final execution
- Directed preliminary research efforts and collected data during user interviews

Education

Savannah College of Arts and Design | B.F.A. in UX Design
