Random Length Mixture (hardwoods)

Length Range	% of lengths per random length order
4' - 12'	80%
13' - 16'	20%

***Random length orders may receive and be billed for up to 10% overage.
Long lengths of Knotty Alder base profiles will have 1 finger-joint to maintain length mixtures.
Lengths available up to 12' in White Oak***

View the Resource Guide for our
Door & Window Topper Offering

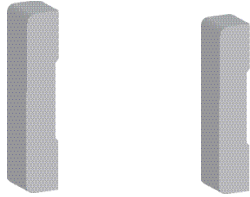

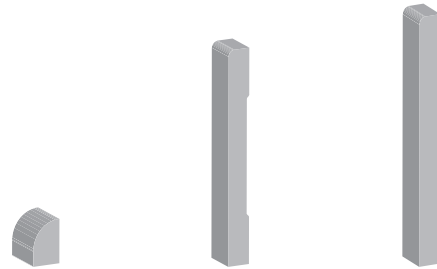

Vertical Grain Hemlock

Random length (RL) orders may receive and be billed for up to 10% overage.

Knotty Alder

Random length (RL) orders may receive and be billed for up to 10% overage.

"Premium Frame" grade red Knotty Alder lumber is used to manufacture items. This grade allows for various knots & other rustic characteristics, including open & closed knots & cracks which are not considered defects. Because red Knotty Alder is generally not available in lengths longer than 10', random length inventory of casing, base, and crown will have 1 finger-joint per length, other mouldings are available in lengths up to 10'.

Maple Pre-Finish Recommendations

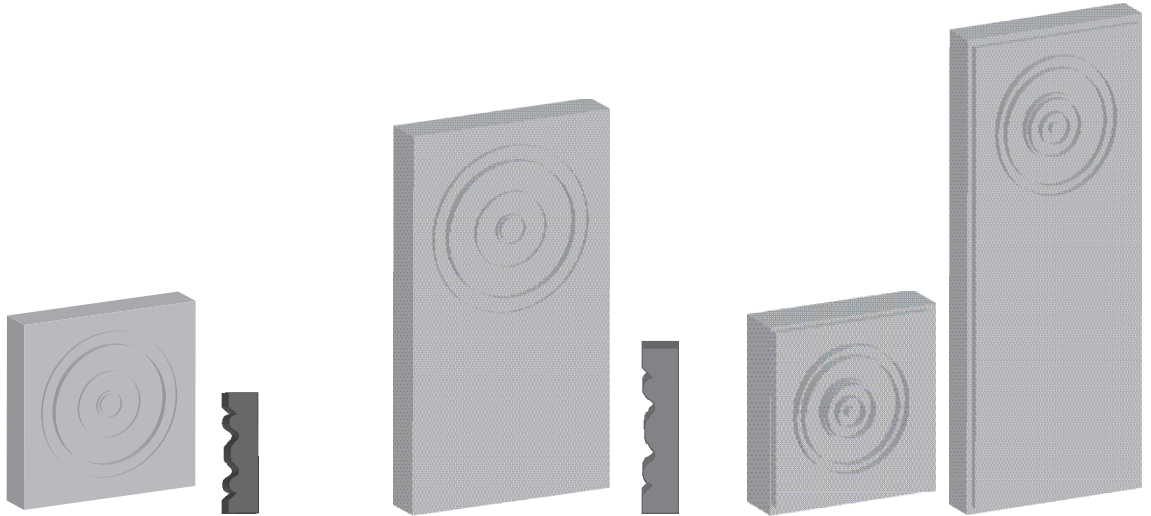

For Field Finish situations, clear coat ONLY is recommended due to the species' natural characteristics that lead to inconsistent and blotchy appearance results. Field finished results on maple are the sole responsibility of the finisher.

For BBW Pre-finish situations, only clear coat or Premium Process finishes will be offered. Our Premium Process helps to minimize (not eliminate) the inconsistencies for which maple is known.
