Oak & Poplar handrail stocked as solid cap.

Solid cap rail specifications:

- Lengths under 14' do not contain finger-joints in the top ply
- 14' & 16' will have one finger-joint in the top ply
- 8', 10', 12' Solid Cap
- 14' & 16' - 1 Joint

Alder, Knotty Pine & Maple handrail stocked as solid cap.

Solid cap rail specifications:

- 8' and 10' - Solid Cap (note: optional 1 joint in occasional 10')
- 12' and 14' - Possible 1 Joint
- 16' - Up to 2 Joints

The “clear” grade lumber used in the manufacture of our stock Alder stair parts is inclusive of Cabinet and Superior grades. This “clear” grade allow for sound knots up to dime size with some voids. Request for completely clear alder parts will be quoted on a special order basis, and should be specified as exclusively Superior grade alder. Handrail specified as exclusively Superior will have additional finger-joints to achieve lengths.

Maple Pre-Finish Recommendations

•For Field Finish situations, clear coat ONLY is recommended due to the species' natural characteristics that lead to inconsistent and blotchy appearance results. Field finished results on maple are the sole responsibility of the finisher.

•For BBW Pre-finish situations, only clear coat or Premium Process finishes will be offered. Our Premium Process helps to minimize (not eliminate) the inconsistencies for which maple is known.
