- Deadline for the expressions of interest:

PARTNER INFORMATION

▪ **Description of the Legal Entity:**

- Higher Education
- Research Institution
- Public Administration
- Industry / SME
- NGO
- Other:

Please specify:

▪ **Description and expertise of the team:**

Like many government authorities, the Federal Ministry of the Interior (BMI) has crucial requirements for processing sensitive data solely on premises. For that reason, the technical experts of BMI developed and operate various Generative AI solutions on our own infrastructure and integrated them into government processes. Furthermore, there is a need to scale and roll out these and similar on premise GenAI solutions to other bodies, like police units and other government organizations. The BMI is well represented in the Austrian AI policy forum, and well connected with other national and international government organizations. As such, we aim to leverage our expertise and network to support in the development and tailoring of GenAI solutions for public administrations, and facilitate the rollout of such solutions at other public bodies.

Overall, the team offers

- great technical expertise in developing and operating on premises Generativ AI solutions
- the direct view of public administrations' needs when deploying GenAI
- a great network (e.g. representation in the AI Policy Forum and great connections in the

GenAI field) to facilitate further deployment in public administration

- expertise and experience in managing EU grants and writing Grant Applications

▪ **Potential role in the project:**

- Technology provider X
- Data provider
- Research
- Training
- Dissemination
- Other: User / Deploying Organization / Coordinating Replication

Please specify: User / Deploying Organization / Coordinating Replication

Expertise / competence needed in case of searching for Project Partners:

- Other public administrations
- Technology providers

▪ **Other areas of interest for collaboration:**

▪ **Already experience in EU funded projects as a:**

- Coordinator: YES NO
- Partner: YES NO

▪ **Project experience and track record:**

ESI: Digital Covid Certificate

Horizon Europe: Xt-EHR

Digital Europe: POTENTIAL (European Digital Identity wallet)
