- **Other areas of interest for collaboration:** Digital transformation, secure cloud storage, hardware/network provisioning, and AI-driven automation.
- **Already experience in EU funded projects as a:**
 - Coordinator: ☐ YES ☒ NO
 - Partner: ☐ YES ☒ NO

- **Project experience and track record:**

We have a proven track record of delivering measurable impact for companies by aligning technology with business goals. Our experience ranges from guiding SMEs through national digitalization programs (such as the Spanish "Kit Digital") to executing complex system, API, and ERP integrations. We successfully design and manage secure, scalable environments, connecting cloud systems with proprietary infrastructure. Through our in-house Software Factory, we consistently deliver tailored platforms and apply AI solutions that generate real value, making us a highly capable and agile technical partner for large-scale EU initiatives.
