

Power Safety Power Profits Power Relationships

A Best-in-Class Partnership

Stellantis and Nauto have partnered to enable dealers to offer the **best fleet vehicles** and the **best AI-powered vehicle safety solution** – seamlessly – to your customers.

Increase overall road safety

Reduce distracted driving & collisions by up to **80%***

Grow revenues

Benefit from hardware & software sales as well as installation

Improve relationships

Offer the best to their fleet customers

Take Advantage of the Safety Opportunity

- Stellantis and Nauto have an exclusive partnership to offer Stellantis dealers preferred pricing.
- Dealers can install Nauto in vehicles as part of their sales process and capture revenue instead of fleet owners installing inferior aftermarket dashcams.
- Dealers receive a share of the profit from the sale of Nauto's product subscription.
- Dealers can improve customer satisfaction by helping to protect drivers and their Ram vehicles.

Streamlined Implementation

- The Nauto predictive AI-powered safety solution is easily installed into vans and trucks **in less than 30 minutes per vehicle.**[†]

“Driver safety within our commercial fleet customer base is our top priority. We have partnered with Nauto to offer next-gen, AI-based advanced driving assistance technology in our commercial vehicles.”

Jeff Kommor
Senior VP of Commercial Sales
Stellantis

TRUSTED BY OVER 1,000 FLEETS

Powering Benefits for Your Customers

The Nauto platform benefits both fleet managers/owners and drivers.

Fleet manager/owner benefits

- Protects drivers and fleet assets
- Automatically improves driver behavior through real-time alerts
- Detects distracted driving, drowsiness, aggressive driving, and more
- Identifies at-risk drivers and behaviors for targeted coaching
- Supports driver exoneration and accelerated claim resolution

Driver benefits

- Gets drivers home safely with accurate, predictive alerts
- Prioritizes privacy; video only captured during an event
- Protects against false insurance claims
- Helps improve driver performance

THE POWER OF NAUTO

2 out of 3 drivers reduced distracted driving by 80% in 2 weeks*

The Nauto Driver and Fleet Safety Solution

AI-Powered In-Cab Device Provides Real-Time Alerts for Collision Avoidance and Automatic Driver Performance Improvement

Interactive Cloud and Mobile Platform for Drivers and Managers Provides Safety Insights and Rapid Claim Resolution

Nauto: The Leader in Fleet Safety

Nauto is an award-winning provider of fleet safety solutions. Its real-time, AI-enabled driver and fleet safety platform enables drivers to predict, prevent, and reduce high-risk events in the mobility ecosystem. Recognized for AI excellence, Nauto is the partner of choice for fleets of all sizes across the country.
