### **Healthy Church Growth**

In a world of constant change, where communities evolve and challenges arise, the mission of the church remains steadfast: to proclaim the Gospel of Jesus Christ and serve the community with love and compassion. For LCMS Lutherans, church growth is not merely about increasing numbers but about deepening our faith, strengthening our fellowship, and extending our service to those around us. This growth is rooted in the unwavering faithfulness and the everlasting strength of Christ our Lord. For this issue we reflect on *Lamentations 3:22-23* and *Psalm 24:8*, where we see how these truths guide our congregation to thrive and continue serving the community in meaningful ways.

*Unwavering Faithfulness* can be seen in *Lamentations 3:22-23*, which reminds us, “Through the Lord’s mercies we are not consumed, because His compassions fail not. They are new every morning; great is Your faithfulness.” Jeremiah writes these words amid Jerusalem’s desolation, speak to the enduring hope found in God’s unchanging nature.

For our congregation, Jesus’ unwavering faithfulness is the cornerstone of the growth we are experiencing. We are reminded that, no matter the challenges—whether the need for more space, cultural shifts, or societal pressures—God’s mercy sustains us. Healthy church growth begins with trusting in this faithfulness.

God’s compassion is renewed daily as we gather for worship, study, or service. This truth can inspire us to remain faithful in our mission, even when results are not immediate. Our mission is less about numbers and more about lives touched by the Gospel. As an LCMS Lutheran congregation, we emulate faithfulness by remaining consistent in preaching the Word and administering the Sacraments. These are the means through which the Holy Spirit works, drawing people to Christ. And as people are drawn, we are to build them up, just as we ourselves are being built through Jesus’ everlasting strength. This happens by participating in regular instruction and new learning, in community outreach, and opportunities for fellowship. When we bring our creative ideas and our willing participation, we create spaces where God’s faithfulness can shine in and through us, allowing others to experience His mercy.

### **Reverend David M. Santos**

*The Everlasting Strength of God* empowers our church's service to the community. When people experience the love of God through the people of Holy Trinity - Middle Island, they will understand the strength of God. As the Psalmist writes in Psalm 24:8 "Who is this King of glory? The Lord strong and mighty, the Lord mighty in battle."

This verse celebrates God's power, and strength that equips His people to serve boldly. Healthy church growth is inseparable from community service, as our calling to love our neighbors flows from God's mighty love for us.

As we press forward, pursuing a plan to expand our building size, we must also work to identify the unique needs of our community and respond with ideas, and actions that demonstrate our trust in God's strength. This might mean hosting workshops to help individuals and families, offering after-school programs, or providing additional days to access our food pantry.

Each act of service, no matter how small, is a testament to the King of glory Who empowers us. By stepping out in faith, we show that the church is not a building but a living body of believers, strengthened by God to make a difference.

Jesus' unwavering faithfulness and God's everlasting strength call us to persevere, even when the work is difficult. In many LCMS congregations, members are aging, resources are limited, and cultural pressures challenge their witness. Yet, these realities are not our obstacles. The Lord is blessing our congregation in uncommon ways. As we rely on God's promises, we continue to see younger families returning to church life and inviting their friends. We see mature members offering their experience, wisdom and time serving effectively and guiding others in discipleship. By equipping existing and new members through Bible study, prayer, and leadership training, we prepare them to serve with confidence.

## **Pithy Pastor (Continued)**

---

### **Reverend David M. Santos**

We must also embrace collaboration, partnering with other LCMS congregations in our circuit and region. There are several churches with growing youth programs willing to share activities and allow our young people to bond in faithfulness and God's strength. This becomes an invitation for parents to facilitate transportation, encouraging the next generation to participate in the mission of the church. Young people are eager to serve when they see the church addressing real-world issues with compassion and conviction. By mentoring youth and involving them in the church worship services, activity and outreach, we ensure that the church's growth and strength will continue for generations to come.

The vision for Holy Trinity - Middle Island, going forward can be most clearly seen when we look through the eyes of Christ. We can move forward with confidence, trusting that the Lord, strong and mighty, is with us. May our "Church in The Pines" continue to grow, not for our glory, but for the glory of the King who calls us to serve. As we remain faithful to His Word and boldly serve, we will see His kingdom grow—one heart, and one person at a time.

Serving the Savior,

Pastor Dave

September is probably my favorite month. The weather starts to cool but is still warm enough for shorts. The kids go back to school, so the beaches and parks are uncrowded. The farm stands are full of produce and getting out east is so much easier (at least mid-week).

The start of a new school year reminds me that there are many beginnings throughout the year. Of course, there is New Years and the first day of each season. Each birthday is the start of a new year of life. Each holiday brings new joy and celebration. The church year begins anew in November.

In addition to the first day of school, September also brings back work for many people after Labor Day, the first day of Fall, and pro football (Go Jets!). For Holy Trinity, September marks the start of a new Sunday School year, Confirmation classes, the return of coffee hours and important meetings to plan the work of the church.

We can approach all these firsts, starts and beginnings with hope each day and every year because of God's *unwavering faithfulness*. And we can take on challenges and struggles because *His everlasting strength* fortifies us with courage and confidence.

All God's servants here at Holy Trinity - deacons, trustees, committee members, Sunday School and Confirmation teachers, VBS volunteers, Altar Guild, Ladies Guild, Food Pantry volunteers and many others - give of their time and talent out of love for God and His church. *But it is God's steadfast love for us, His unwavering faithfulness and his abundant grace* that gives us the determination and devotion to serve Him and our neighbors.

The next months and year will bring some exciting changes and challenges to Holy Trinity. We have contracted with an architectural firm to develop a plan for expanding the church building. We continue to serve many local families with our Food Pantry, coat drive and toy drive. We'll be electing new trustees to the Church Council and new officers for 2026 as our current executive board are completing their six-year terms.

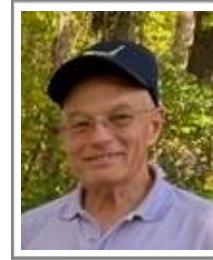

It is my hope that every member of Holy Trinity finds a way to serve. There's a place for everyone in our church family and a role for everyone in God's work here.

In His Service,  
Tim Jahn

### **September's Theme: His Unwavering Faithfulness**

**"The steadfast love of the Lord never ceases. His mercies never come to an end."**

#### **Lamentation 3:22**

The theme verse of this article is so true in my life. No matter what challenges I have faced in life God has provided for me because of His love and mercy. Some troubles were of my own doing and other troubles I had no control over. Martin Luther would describe "steadfast love" as "goodness in action." God's unwavering devotion to the salvation of His people finds its fulfillment in the cross of Christ.

This article is written during the week of Holy Trinity's Vacation Bible School. Each day starts with a skit that sets up the lesson of the day, following the trails of Scout Rivers. He is a hiker extraordinaire (in his own mind) who is over confident and knows little about hiking. As he moves forward, he learns he is inadequate to meet the challenges he faces. In the end he learns to trust Jesus, pray, and know Jesus is always with him.

We believe in a great God and no matter how much we sin, back away from Him, or stray, God remains faithful to us. He blesses us with His mercy through Jesus Christ. This is what I love about our faith. When we repent of our sin, we are forgiven, period. Jesus is always with us wanting to draw us closer to Him. If you are lost, Jesus is looking for you, just like the one lost sheep, and there will be much celebrating in heaven when He brings you home.

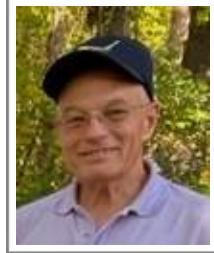

Continue to strengthen your faith by attending a worship service each week, study God's Word, and if possible, attend one of Holy Trinity's many Bible studies. Enjoy God's people by attending one of our many events, and/or share your talents and time by volunteering. Also share your faith in Jesus' steadfast love and mercy with those you know and encounter.

In His service,  
Deacon Frank Consiglio

## The Deacon's Corner

**Frank Consiglio 631-331-3088**

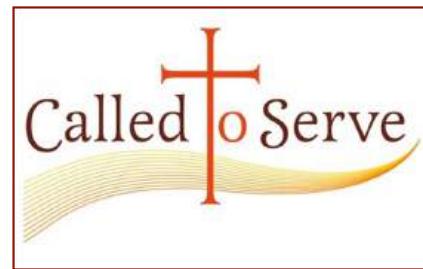

### **October's Theme: His Everlasting Strength**

**"Who is this king of glory, The Lord strong and mighty, The Lord mighty in battle" (Psalm 24:8).**

The Lutheran Study Bible note for Psalm 24 says the following: "Those who worship the Lord need 'clean hands and a pure heart.' Sinful beings are neither prepared nor worthy to be in God's presence or worship Him." Praise God, for as it was written in the September article, because of God's steadfast love and His mercies that never end, we are forgiven through Jesus Christ Who is the "King of glory" that Psalm 24 speaks about. It is through the cross where Jesus conquered sin and death. With faith in Jesus, by God's grace, we worship with clean hands and a pure heart. This is "The Lord mighty in battle" in action. No matter what troubles you are experiencing in your life, know that the Lord protects and provides against the schemes of the devil. The Lord has won the day and conquered the devil and given you eternal life through the blood of Jesus' sacrificial death.

The Lord is also "*strong and mighty*" providing many blessings for us in this life. Some seen, some unseen and sometimes taken for granted. The Creator of the world gave us life and created everything we need to live. He has given us our intellect, so we can use the earth's resources not only to survive, but to be comfortable and to pursue our dreams and ambitions. God has given us His Word and Spirit to guide us and to know Him. Protected by the Holy Spirit we can resist sin and make life better for those around us. He blesses us each day with life, family, friends, and His love. So stay close to our Lord. Hear His Word each Sunday. Receive the assurance of sins forgiven at the Lord's table and renew the added blessing of Jesus' perfect peace.

In His service,  
Deacon Frank Consiglio

## **TURTLE TALES or: SAVING THE BOX TURTLE FROM CROSSING THE ROAD**

I was on my way to church the day of the June picnic, and since the parking lot was full, I had to park on the grass by the street. It's a good thing it was me who parked there, because I almost ran over a box turtle! Fortunately for her, I always have my eyes open for turtles crossing the road...

I parked the truck and leaped out! To the rescue!

I picked her up, and she promptly pulled her head into her shell and closed it tight.

How did I know it was a girl, you might be thinking? On box turtles, you can tell by their eyes! If the eyes are red or orange, it's a boy, and if the eyes are green, yellow, or brown, then it's a girl! That's only true for box turtles, but for turtles in general, you can tell by looking at the bottom shell, or plastron, which is concave for males, and flat or slightly convex for females.

Box turtles are not called box turtles because they live in a box! In fact, it's illegal to keep them as pets. They are protected wildlife. Of course, if one wanders into your yard or your garden, that's fine, and it's a special blessing!

I estimated her to be 15 to 20 years old, based on counting the rings in the scales on her top shell, or carapace. It's similar to counting tree rings, since turtles also grow faster in the summer than in the winter when they're hibernating.

As I carried the turtle farther back into the woods, she cautiously began to poke her head out, as if she knew I was her friend. I found a mossy spot near a fallen log and some wild blueberry bushes, and gently put her down. Slowly, she extended her head farther out of her protective shell... was it safe to come out?

She surveyed her new surroundings. Then the sturdy legs came out, and she began walking, surprisingly quickly for an iconic slowpoke, as she set off on her journey, probably looking for a suitable location to dig a nest hole. Her distinctively patterned yellow and black shell began to blend in with the dappled sunlight on the forest floor, and soon, she had vanished.... well protected by her own custom built suit of armor, expertly designed by our awesome Creator.

As Saint Paul reminds us in Ephesians 6:11,

"Put on the whole armor of God, that you may be able to stand against the wiles of the devil." Godspeed, Mrs. Turtle! Come visit us again, but please stay away from the road....

# VACATION BIBLE SCHOOL 2025

## TESTIMONY FROM A TOAD Or: THE TOAD WHO CAME TO VBS!

I was rushing off to the church for the first day of VBS! I had with me a large plastic bin filled with various nature treasures: granite rocks, spruce cones, birch sticks, Canada goose feathers... things you would find up north, but also here on Long Island. I was praying that I would somehow have a live animal to show the kids. That's always exciting!

God must've heard my prayer, and He provided the highlight of the first day's nature touch table! Would you believe an adorable baby toad was waiting right by the basement door?!?

I almost didn't see him... The toad was well camouflaged and crouched down, right at the side of the basement door, almost as if he was waiting to be let in.... Quickly I put my specimens down, and rushed back to grab him! Success!! I think he knew I wouldn't hurt him.

All the kids rushed over to see him! God had provided!!! Perfect timing! I showed them the proper way to hold a toad or a frog, so he can't escape and doesn't struggle, but can breathe comfortably and look around. The trick is to hold him with your fingers curled around his hind legs and abdomen, but leave his front legs, chest, and head out. This way, everyone can see him and can pet him gently one at a time, but the toad is held securely and safely. Such a blessing!

We made a temporary habitat for our VBS toad, and as soon as VBS was over that day, I took him way back in the woods and let him go! As he hopped happily away, I thanked the good Lord for providing such a wonderful example of His amazing Creation!

To God be the glory!

## THEY WILL KNOW WE ARE CHRISTIANS BY OUR LOVE

How we desperately need to live out the words of that song. I just watched a commentary about Billy Graham. Mr. Graham preached the Gospel of Jesus Christ, wherever he went. One commentator reported, that Billy reached out to even those who had different opinions than him. How we need that now.

When you look at the disciples, you can see that Jesus believed in using different personalities and men with different beliefs. Even Matthew was shocked when Jesus chose him! They not only had to leave behind their professions and families, but they had to leave behind their preconceived ideas about others as well. They had the privilege and opportunity to watch Jesus love others. In this day and age, how do we do that? We need to look at those Jesus ministered to. He looked beyond the need, to the person themselves. He healed and changed lives with the mission of changing their hearts. By forgiving their sins, He gave them new eyes to see others, not as different, but as fellow sinners in need of a Savior. We need to do that now. We have to agree to disagree and get on serving, loving and ministering to others. I have to start with myself. I need to pray that I would have the eyes of Jesus to see others like He sees them. To look at them with the eyes of love, not bitterness.

I have been praying for revival every day for the past year. I kept looking for the next Billy Graham. Recently, I realized we are living in a serious time in our history. Revival will have to start with me, revival will have to start with you. Will you join me? The time is now to leave behind our misunderstandings and go forward with the healing love of Jesus. To proclaim that we are all sinners in the need of a Savior. That what binds us is stronger than what divides us.

God's Blessings,

Debbie
