Survey Toplines — Illinois — 4th Congressional District

District Benchmark Survey · 2026 Election Cycle · Poll Field Dates: July 31 - August 3, 2026

Methodology

Survey of 653 registered voters in IL-04; median margin of error ± 3.8 percentage points; field period: July 2026.

All percentages are unweighted and reflect the composition of the sample as collected. Each figure is the Total % of the stated base, rounded to whole numbers, so responses may not sum to 100%. Multiple-response questions (e.g., top-three issue selection and racial identification) and per-candidate blocks may sum to more than 100. Aggregate rows (e.g., TOTAL DEMOCRAT) are sums of the categories that follow and are shaded for reference. Question codes in brackets match the analysis report and banner books. This study utilizes a multi-frame sampling design combining live telephone calls and Short Message Service (SMS) outreach. No post-stratification weighting was applied; figures correspond directly to the field vendor's benchmark tables.
