43	The Complementary Collection

Beyond Nature

Mineral Design Innovation (MDi) is a high performance, non porous material that is made from pure natural minerals. It represents a thoughtful evolution of earth's natural minerals that has been forged through a full-body technology. This makes its application seamless and versatile for the sophisticated demands of the modern silhouette.

FINISHES

Natural

A matte essence of earth-born stone. Smooth finish that absorbs light.

Bush-hammered

A deep rhythmic texture that creates a tactile experience of immense character.

Honed

A satin-like glow finish that gives a velvet-to-the touch feel.

Digital Texture

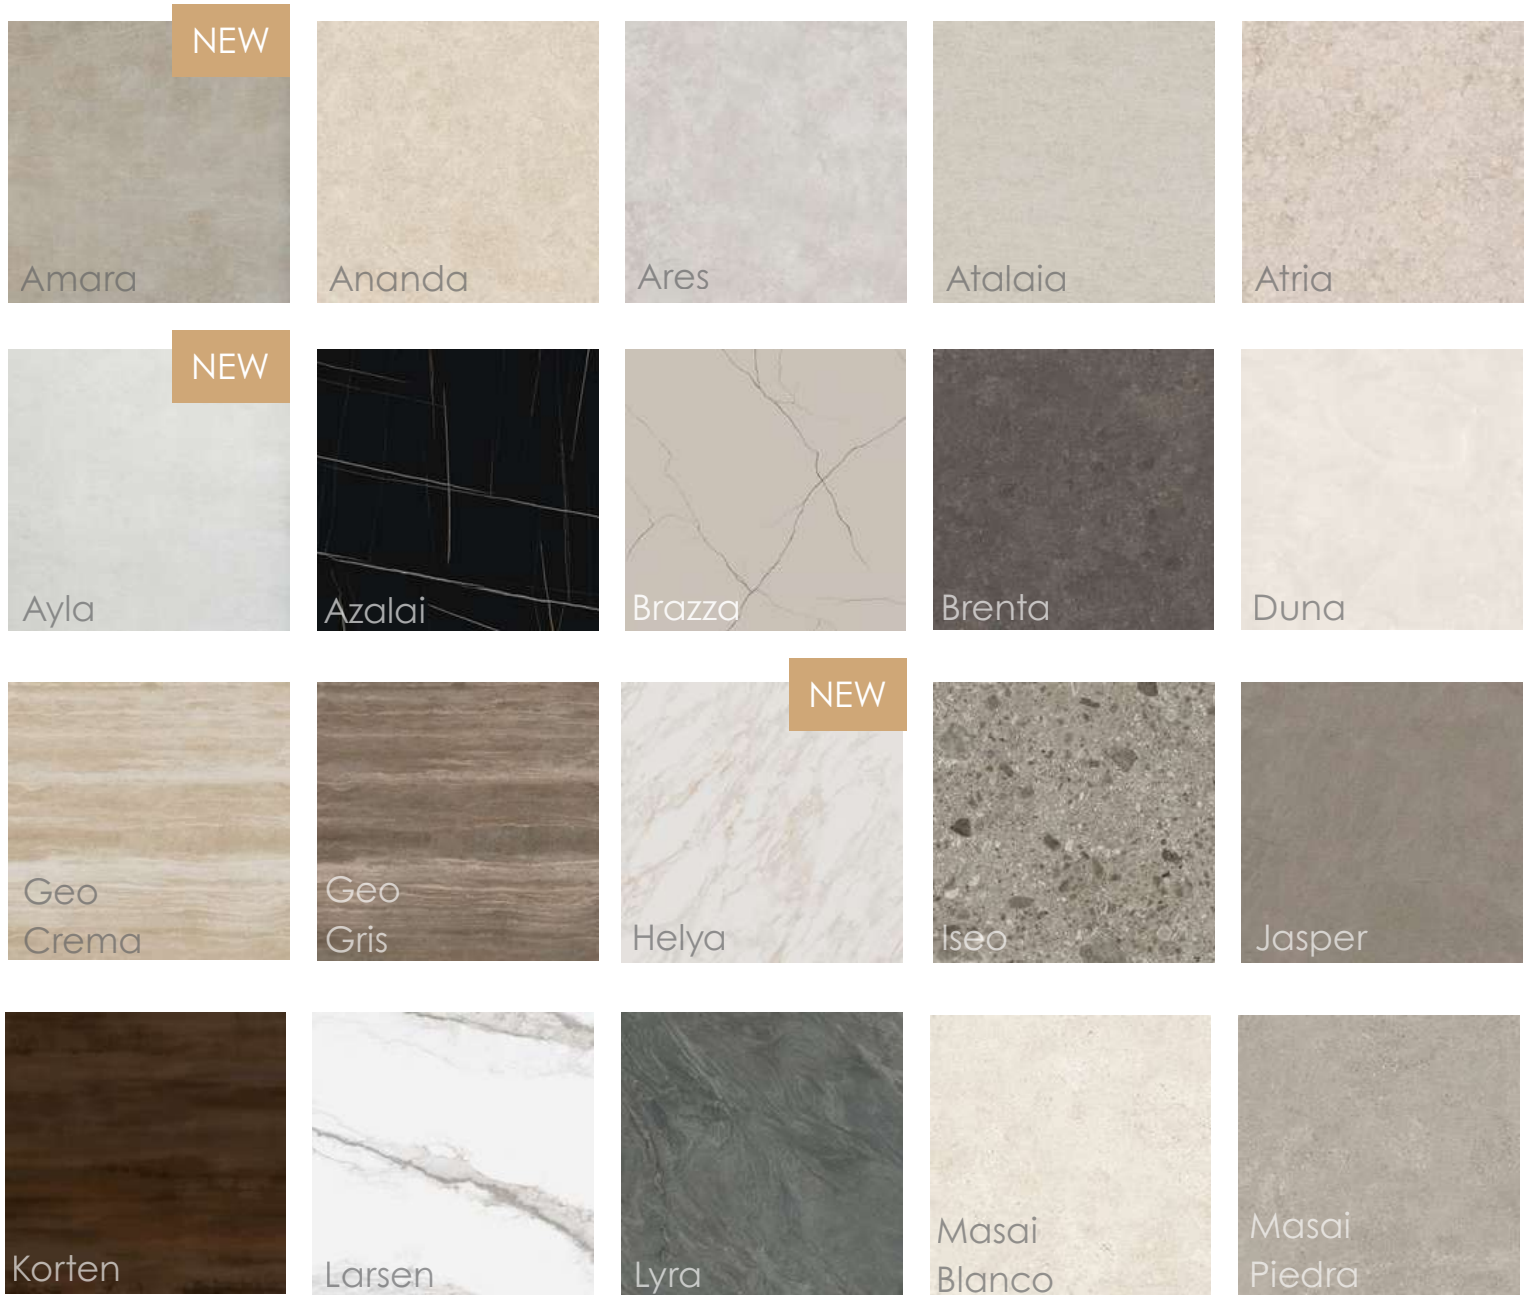

A deeply synchronized finish where texture complements its visual depth.

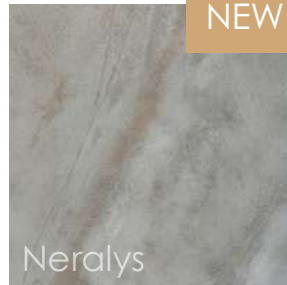

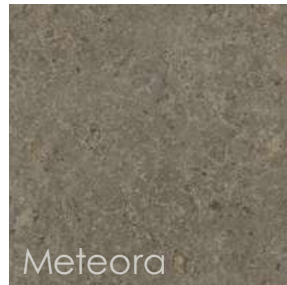

The **Grip**

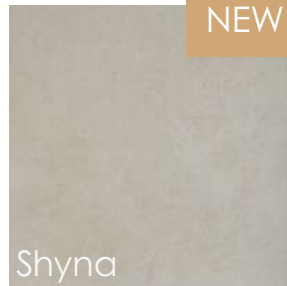

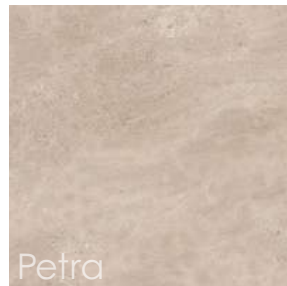

MDi is available in non-slip finishes that are made specialized for outdoors, bridging both design & rugged utility. This MDi surface is UV- resistant & thermally stable, never needing to sacrifice elegance for safety.

The COLLECTION

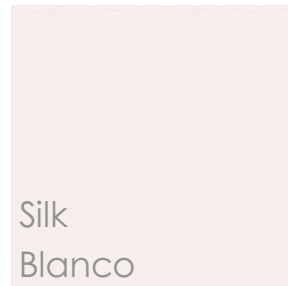

NEW

NEW

NEW

Amara

NEW

Digital Texture
Digital Texture Grip+

A creamy expanse elevated by a delicate sculptural relief for a timeless, luminous elegance

A modern kitchen interior featuring a long, dark wood countertop. Three large, woven, teardrop-shaped pendant lights hang from the ceiling. In the foreground, several light-colored wooden stools are arranged around the counter. The background shows a kitchen area with a sink and various kitchen items on a shelf.

A KITCHEN MADE FOR BOUNDLESS COOKING

The MDi Integrated Induction transforms your countertop to a singular uninterrupted stage for creativity. By integrating state-of-the-art induction technology beneath the MDi surface, it creates a seamless space where culinary performance & architectural beauty coexists, transforming space from cooking zone to an elegant social space.
