### 1. Organization

As used herein, the terms "the Company", "we", "our" or "us" refer to American Realty Investors, Inc., a Nevada corporation, which was formed in 1999. Our common stock is listed on the New York Stock Exchange ("NYSE") under the symbol ("ARL") and over 90% of our stock is owned by related party entities.

Our primary business is the acquisition, development and ownership of income-producing multifamily and commercial properties. In addition, we opportunistically acquire land for future development in in-fill or high-growth suburban markets. From time to time and when we believe it appropriate to do so, we will sell land and income-producing properties. We generate revenues by leasing apartment units to residents, and leasing office, industrial and retail space to various for-profit businesses as well as certain local, state and federal agencies. We also generate income from the sale of land.

We own approximately 78.4% of Transcontinental Realty Investors, Inc. ("TCI") and substantially all of our operations are conducted through TCI, whose common stock is traded on the NYSE under the symbol "TCI". Accordingly, we include TCI's financial results in our consolidated financial statements. Substantially all of TCI's assets are held by its wholly-owned subsidiary, Southern Properties Capital Ltd. ("SPC"), which was formed for the purpose of raising funds by issuing non-convertible bonds that are listed on the Tel-Aviv Stock Exchange ("TASE").

At September 30, 2022, our portfolio of properties consisted of:

- Four office buildings comprising in aggregate of approximately 1,056,793 square feet;
- Seven multifamily properties, owned directly by us, comprising of 1,180 units;
- Approximately 1,847 acres of developed and undeveloped land; and
- Seven multifamily properties, totaling 1,148 units, owned by our joint venture.

Our day to day operations are managed by Pillar Income Asset Management, Inc. ("Pillar"). Their duties include, but are not limited to, locating, evaluating and recommending real estate and real estate-related investment opportunities and arranging debt and equity financing with third party lenders and investors. All of our employees are Pillar employees. Three of our commercial properties are managed by Regis Realty Prime, LLC ("Regis"). Regis provides leasing, construction management and brokerage services. Our multifamily properties are managed by outside management companies. Pillar and Regis are considered to be related parties (See Note 13 – Related Party Transactions).

### 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been condensed or omitted in accordance with such rules and regulations, although management believes the disclosures are adequate to prevent the information presented from being misleading. In the opinion of management, all adjustments (consisting of normal recurring matters) considered necessary for a fair presentation have been included.

The consolidated balance sheet at December 31, 2021 was derived from the audited consolidated financial statements at that date, but does not include all of the information and disclosures required by GAAP for complete financial statements. For further information, refer to the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2021. Certain 2021 consolidated financial statement amounts have been reclassified to conform to the current presentation.

(dollars in thousands, except per share amounts)
(Unaudited)

We consolidate entities in which we are considered to be the primary beneficiary of a variable interest entity ("VIE") or have a majority of the voting interest of the entity. We have determined that we are a primary beneficiary of the VIE when we have (i) the power to direct the activities of a VIE that most significantly impacts its economic performance, and (ii) the obligations to absorb losses or the right to receive benefits that could potentially be significant to the VIE. In determining whether we are the primary beneficiary, we consider qualitative and quantitative factors, including ownership interest, management representation, ability to control decision and other contractual rights.

We account for entities in which we have less than a controlling financial interest or entities where we are not deemed to be the primary beneficiary under the equity method of accounting. Accordingly, we include our share of the net earnings or losses of these entities in our results of operations.

Newly Issued Accounting Standards

In March 2020, the FASB issued ASU 2020-04, Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting. The standard provides guidance, optional expedients and exceptions that reference London Interbank Offered Rate ("LIBOR") or another reference rate expected to be discontinued due to reference rate reform. The adoption of the standard on January 1, 2022, did not have an impact on our consolidated financial statements.

### 3. Earnings Per Share

Earnings Per Share ("EPS") is computed by dividing net income available to common shares by the weighted-average number of common shares outstanding during the period. Shares issued during the period are weighted for the portion of the period that they were outstanding.

The following table details our basic and diluted earnings per common share calculation:

### 5. Operating Segments

Our segments are based on the internal reporting that we review for operational decision-making purposes. We operate in two reportable segments: (i) the acquisition, development, ownership and management of multifamily properties and (ii) the acquisition, ownership and management of commercial properties. The services for our multifamily segment include rental of apartments and other tenant services, including parking and storage space rental. Asset information by segment is not reported because we do not use this measure to assess performance or make decisions to allocate resources. Therefore, depreciation and amortization expense is not allocated among segments. General and administrative expenses, advisory fees, interest income and interest expense are not included in segment profit as our internal reporting addresses these items on a corporate level.

### 10. Investment in Unconsolidated Joint Ventures

On November 16, 2018, our SPC subsidiary formed Victory Abode Apartments, LLC ("VAA"), a joint venture with the Macquarie Group ("Macquarie"). VAA was formed as a result of a sale of the 50% ownership interest in 51 multifamily properties owned by us in exchange for a 50% voting interest / 49% profit participation interest ("Class A interest") in VAA and a note payable ("Mezzanine Loan"). Concurrent with the Contribution, VAA issued Class B interests with a 2% profits participation interest and no voting rights to Daniel J. Moos, our former President and Chief Executive Officer ("Class B Member"). The Class B Member serves as the Manager of VAA.

In connection with the formation of VAA, ten of the initial properties were subject to an earn-out provision ("Earn Out") that provided for a remeasurement of value after a two-year period following the completion of construction. Upon the formation of VAA, we recorded an initial liability ("Earn Out Obligation") for the \$10,000 advance on the Earn Out that we received from Macquarie.

On March 30, 2021, we sold a 50% ownership interest in Overlook at Allensville Phase II, a 144 unit multifamily property in Sevierville, Tennessee to Macquarie for \$2,551 resulting in gain on sale of \$1,417. Concurrent with the sale, we each contributed our 50% ownership interests in Overlook at Allensville Phase II into VAA.

On July 13, 2021, we received the arbitration result of a dispute regarding the measurement of the Earn Out Obligation. Our position and claims were declined, and the position of Macquarie was fully accepted. As a result, we were required to pay approximately \$39,600 to Macquarie to satisfy the Earn Out Obligation, and therefore, recorded a charge of \$29,600 during the nine months ended September 30, 2022 (See Note 7 – Real Estate Activity). In accordance with the joint venture operating agreement, the Earn Out Obligation was paid from our share of subsequent distributions from VAA.

On June 17, 2022, we entered into an agreement to sell 45 properties ("VAA Sale Portfolio") held by VAA and one property held by our SPC subsidiary.

On September 15, 2022, VAA, SPC, Macquarie and Pillar entered a Distribution and Holdback Property Agreement ("Distribution Agreement"), which provides the timing and ordering of the distribution of the net proceeds from the sale of the VAA Sale Portfolio, the repayment of the Mezzanine Loans, and the distribution of the remaining seven properties of VAA ("Holdback Portfolio").

On September 16, 2022, VAA completed the sale of the VAA Sale Portfolio for \$1,810,700, resulting in gain on sale of \$738,665 to the joint venture. In connection with sale, we received an initial distribution of \$182,848 from VAA, which included the payment of the remaining balance of the Earn Out Obligation.

On November 1, 2022, in connection with the sale of the VAA Sale Portfolio, we received an additional distribution from VAA (See Note 18 - Subsequent Events), which included the full operational control of the Holdback Portfolio and a cash payment of \$203,936. We are in the process of assuming the mortgage notes payable on Holdback Portfolio.

We plan to use our share of the proceeds from the sale of the VAA Sale Portfolio for additional investment in income-producing real estate, to pay down our debt and for general corporate purposes. Our ownership interest in VAA is held by SPC, and is therefore subject to the bond covenants of the three series of bonds that have been issued by SPC. These provisions include restrictions on the distribution of cash from SPC (See Note 12 - Bonds Payable).

We also own a 20% ownership interest in a 20% interest in Gruppa Florentina, LLC ("Milano"), which operates several pizza parlors in Central and Northern California. Milano also has 23 franchised locations, including two operating, under the trade name Angelo & Vito's Pizzerias.

Interest payable at September 30, 2022 and December 31, 2021, was \$1,930 and \$1,522, respectively. As of September 30, 2022, we were in compliance with all of our loan covenants except for the minimum debt service coverage ratio ("DSCR") for the loan on 770 South Post Oak. As a result, the lender requires us to lock the surplus cash flow of the property into a designated deposit account controlled by them, until we are in compliance with the DSCR for a period of two consecutive quarters.

All of the above mortgages and other notes payable are collateralized by the underlying property. In addition, we have guaranteed the loans on Athens, Forest Grove and Villas at Bon Secour.

There are various land mortgages, secured by the property, that are in the process of a modification or extension to the original note due to expiration of the loan. We are working with our existing lenders and new lenders to modify, extend the loans before they become due or refinancing the loans with terms that are similar to the existing agreement.

### 12. Bonds Payable

We have issued three series of nonconvertible bonds ("Bonds") through SPC, which are traded on the TASE. The Bonds are denominated in New Israeli Shekels ("NIS") and provide for semiannual principal and interest payments through maturity. The Bonds are subject to a number of covenants, which include restrictions on the distribution of cash from SPC.

In connection with the Bonds, we incurred a gain (loss) on foreign currency transactions of \$1,533 and \$(1,639) for the three months ended September 30, 2022 and 2021, respectively, and \$19,437 and \$1,185 for the nine months ended September 30, 2022 and 2021, respectively.

#### 13. Related Party Transactions

We engage in certain services and business transactions with related parties, including but not limited to, the rent of office space, leasing services, asset management, administrative services, and the acquisition and dispositions of real estate. Transactions involving related parties cannot be presumed to be carried out on an arm's length basis due to the absence of free market forces that naturally exist in business dealings between two or more unrelated entities. Related party transactions may not always be favorable to our business and may include terms, conditions and agreements that are not necessarily beneficial to, or in our best interest.

Pillar and Regis are wholly owned by an affiliates of Realty Advisors, Inc. ("RAI"), which owns approximately 90.8% of the Company. Pillar is compensated for advisory services in accordance with an agreement. Regis receives property management fees and leasing commissions in accordance with the terms of its property-level management agreement. In addition, Regis is entitled to receive real estate brokerage commissions in accordance with the terms of a non-exclusive brokerage agreement.

Rental income includes \$223 and \$312 for the three months ended September 30, 2022 and 2021, respectively, and \$702 and \$867 for the nine months ended September 30, 2022 and 2021, respectively, for office space leased to Pillar and Regis.

Property operating expense includes \$110 and \$178 for the three months ended September 30, 2022 and 2021, respectively, and \$337 and \$755 for the nine months ended September 30, 2022 and 2021, respectively, for management fees on commercial properties payable to Regis.

General and administrative expense includes \$1,288 and \$1,017 for the three months ended September 30, 2022 and 2021, respectively, and \$3,368 and \$3,434 for the nine months ended September 30, 2022 and 2021, respectively, for employee compensation and other reimbursable costs payable to Pillar.

Advisor fees paid to Pillar were \$1,571 and \$3,419 for the three months ended September 30, 2022 and 2021, respectively, and \$7,614 and \$11,594 for the nine months ended September 30, 2022 and 2021, respectively.

(dollars in thousands, except per share amounts)
(Unaudited)

Notes receivable include amounts held by UHF and Pillar (See Note 9 – Notes Receivable). UHF is deemed to be a related party due to our significant investment in the performance of the collateral secured by the notes receivable. In addition, we have receivables from related parties. Interest income on these notes and related party receivables was \$6,587 and \$5,053 for the three months ended September 30, 2022 and 2021, respectively, and \$16,880 and \$15,139 for the nine months ended September 30, 2022 and 2021, respectively.

Interest expense on payables to Pillar was \$2,447 and \$1,431 for the three months ended September 30, 2022 and 2021, respectively, and \$5,746 and \$4,199 for the nine months ended September 30, 2022 and 2021, respectively.

Receivable from related party, net represents the net amount outstanding from Pillar for loans and unreimbursed fees, expenses and costs as provided above.

### 14. Noncontrolling Interests

The noncontrolling interest represents the third party ownership interest in TCI and Income Opportunity Realty Investors, Inc. ("IOR"). We owned 78.4% of TCI, which in turn owned 81.1% of IOR during the three and nine months ended September 30, 2022 and 2021.

#### 15. Deferred Income

In previous years, we sold properties to related parties at a gain and therefore the sales criteria for the full accrual method was not met, and as such we deferred the gain recognition and accounted for the sales by applying the finance, deposit, installment or cost recovery methods, as appropriate. The gain on these transactions is deferred until the properties are sold to a non-related third party.

On January 29, 2021, UHF sold El Dorado, a 208 unit multifamily property in McKinney, Texas; Limestone Ranch, a 252 unit multifamily property in Lewisville, Texas; and Marquis, a 276 unit multifamily property in Lewisville, Texas to a non-related third party. As a result of this sale, we recognized a gain of \$10,026 during the nine months ended September 30, 2022 that had previously been deferred.

As of September 30, 2022 and December 31, 2021, we had deferred gain of \$9,791.

#### 16. Income Taxes

We are part of a tax sharing and compensating agreement with respect to federal income taxes with TCI and IOR. In accordance with the agreement, our expense (benefit) in each year is calculated based on the amount of losses absorbed by taxable income multiplied by the maximum statutory tax rate of 21%.

The following table summarizes our income tax provision:

	Three Months Ended September 30,					Nine Months Ended September 30,			
	2022			2021		2022		2021	
Current	\$	81,548	\$	605	\$	81,616	\$	(1,196)	
Deferred				_					
	\$	81,548	\$	605	\$	81,616	\$	(1,196)	

### 17. Commitments and Contingencies

We believe that we will generate excess cash from property operations in the next twelve months; such excess, however, might not be sufficient to discharge all of our obligations as they become due. We intend to sell income-producing assets, refinance real estate and obtain additional borrowings primarily secured by real estate to meet our liquidity requirements.

(dollars in thousands, except per share amounts)
(Unaudited)

We were a defendant in litigation with David Clapper and related entities (collectively, "Clapper") regarding a multifamily property transaction that occurred in 1988. The litigation led to a substantial judgment against our affiliate and Clapper subsequently sued numerous other entities, including us,in Federal Court to collect that judgment. The case was tried to a jury in May 2021. The jury found the defendants owed Clapper nothing and the Court issued a take nothing judgment. Clapper subsequently filed an appeal to the US Fifth Circuit Court of Appeals.

In February 2019, Paul Berger ("Berger") filed suit against us and others that alleged that our subsidiary IOR completed improper sales and/or transfers of property. Berger sought to proceed derivatively and directly, requested a payoff of various related party loans to IOR and that IOR then distribute the funds to its stockholders. After discovery and motions to dismiss substantial portions of the complaint, on June 28, 2022, Plaintiff Berger sought to voluntarily dismiss the action for reasons stated in the motion. The parties have not entered into any settlement, and neither Berger nor their counsel has received any consideration for the voluntary dismissal. The parties, through counsel, have stipulated to the dismissal with prejudice. On June 29, 2022, the United States District Court ordered that notice of the dismissal be provided to IOR shareholders. A copy of the required notice was filed as an exhibit to a Form 8-K of IOR for event occurring June 29, 2022 (the date of the Court's order), and on July 7, 2022, a copy of the required notice was posted on IOR's website. If no action is taken by one or more other stockholders of IOR prior to August 19, 2022, the Court may enter an order dismissing the Berger case with prejudice.

#### 18 Subsequent Events

The date to which events occurring after September 30, 2022, the date of the most recent balance sheet, have been evaluated for possible adjustment to the consolidated financial statements or disclosure is November 10, 2022, which is the date on which the consolidated financial statements were available to be issued.

On October 21, 2022, we paid off the mortgage loan payable on Stanford Center (See Note 11 - Mortgages and Other Notes Payable) with a portion of our cash distributions from our investment in VAA (See Note 10 - Investment in Unconsolidated Joint Ventures).

On November 1, 2022, in connection with the sale of the VAA Sale Portfolio, we received an additional distribution from VAA (See Note 10 - Investment in Unconsolidated Joint Ventures), which included the full operational control of the Holdback Portfolio and a cash payment of \$203,936. We are in the process of assuming the mortgage notes payable on Holdback Portfolio.

### **Table of Contents**

We continue to closely monitor the impact of the COVID-19 pandemic on all aspects of our business and our property portfolio. While we did not incur significant disruptions during the nine months ended September 30, 2022 from the COVID-19 pandemic, our commercial properties have experienced a decline in occupancy. We believe this decline to be temporary and do not expect a significant decrease in rental revenue.

We are unable to predict the impact that the COVID-19 pandemic will have on our financial condition, results of operations and cash flows due to numerous uncertainties. These uncertainties include the scope, severity and duration of the pandemic, the actions taken to contain the pandemic or mitigate its impact and the direct and indirect economic effects of the pandemic and containment measures, among others. The pandemic continues to have an impact on the U.S. economy and on the local markets in which our properties are located. Nearly every industry has been impacted directly or indirectly, and the commercial real estate market has come under pressure due to numerous factors, including preventative measures taken by local, state and federal authorities to alleviate the public health crisis such as mandatory business closures, quarantines, and restrictions on travel and "shelter-in-place" or "stay-at-home" orders.

#### **Management's Overview**

We are an externally advised and managed real estate investment company that owns a diverse portfolio of income-producing properties and land held for development throughout the Southern United States. Our portfolio of income-producing properties includes residential apartment communities ("multifamily properties"), office buildings and retail properties ("commercial properties"). Our investment strategy includes acquiring existing income-producing properties as well as developing new properties on land already owned or acquired for a specific development project.

Our operations are managed by Pillar Income Asset Management, Inc. ("Pillar") in accordance with an Advisory Agreement. Pillar's duties include, but are not limited to, locating, evaluating and recommending real estate and real estate-related investment opportunities. Pillar also arranges our debt and equity financing with third party lenders and investors. We have no employees. Employees of Pillar render services to us in accordance with the terms of the Advisory Agreement. Pillar is considered to be a related party due to its common ownership with Realty Advisors, Inc. ("RAI"), who is our controlling shareholder.

The following is a summary of our recent acquisition, disposition, financing and development activities:

### Dispositions

- On March 30, 2021, we sold a 50% ownership interest in Overlook at Allensville Phase II, a 144 unit multifamily property in Sevierville, Tennessee to Macquarie for \$2.6 million resulting in a gain on sale of \$1.4 million. - On January 14, 2022, we sold Toulon, a 240 unit multifamily property in Gautier, Mississippi for \$26.8 million, resulting in a gain on sale of \$9.4 million. We used the proceeds to pay off the \$14.7 million mortgage note payable on the property and for general corporate purposes.
- On May 17, 2022, we sold Fruitland Park, a 6,722 square foot commercial building in Fruitland Park, Florida for \$0.8 million, resulting in a gain on sale of \$0.7 million. We used the proceeds for general corporate purposes.

We used the proceeds to pay off the \$9.6 million mortgage note payable on the property and for general corporate purposes.
- During the nine months ended September 30, 2022, we sold a total of 26.9 acres of land from our holdings in Windmill Farms for \$5.1 million in aggregate, resulting in gains on sale of \$4.2 million.

- On September 1, 2022, we extended our \$1.2 million loan on Athens to August 28, 2023.
- On September 16, 2022, the \$9.6 million loan on Sugar Mill Phase III was paid off in connection with the sale of the underlying property (See "Dispositions").

#### Development Activities

During 2021, we spent \$15.7 million on our ongoing development of Windmill Farms. Our expenditure includes \$2.8 million on the development of land lots for sale to single family home developers and \$13.0 million on reimbursable infrastructure investments. During the nine months ended September 30, 2022, we spent \$3.7 million on our ongoing development of Windmill Farms. Our expenditure includes \$1.2 million on the development of land lots for sale to single family home developers and \$2.5 million on reimbursable infrastructure investments.

In 2021, Landing Bayou, a 240 unit multifamily property in Houma, Louisiana suffered extensive damage from Hurricane IDA. As a result, the property required extensive renovation. In 2022, we incurred \$5.0 million in capital expenditures, which were funded by insurance proceeds. We expect to complete the renovation by the end of this year.

We have investment in nine notes receivable that were issued to fund the development of multifamily properties. As of September 30, 2022, one of the projects was in construction, one was in lease-up and seven were stabilized. In 2022, we advanced \$2.1 million on these development notes. Each of these notes are convertible, at our option, into a 100% ownership interest in the underlying property.

### Other Developments:

During 2021, we recorded a loss of \$29.6 million on the remeasurements of certain assets ("Earn Out Obligation") that were sold in connection with our investment in VAA.

On June 17, 2022, we entered into an agreement to sell 45 properties ("VAA Sale Portfolio") held by VAA and one property held by our SPC subsidiary.

On September 15, 2022, VAA, SPC, Macquarie and Pillar entered a Distribution and Holdback Property Agreement ("Distribution Agreement"), which provides the timing and ordering of the distribution of the net proceeds from the sale of the VAA Sale Portfolio, the repayment of the Mezzanine Loans, and the distribution of the remaining seven properties of VAA ("Holdback Portfolio").

On September 16, 2022, VAA completed the sale of the VAA Sale Portfolio for \$1.8 billion, resulting in gain on sale of \$738.7 million. In connection with sale, we received \$182.8 million, which consisted of a payoff of our \$113.0 million Mezzanine Loan, \$2.6 million of accrued interest on the Mezzanine Loan and \$84.2 million of contributed capital offset in part by the \$17.0 million remaining balance on our Earn Out Obligation.

On November 1, 2022, in connection with the sale of the VAA Sale Portfolio, we received an additional distribution from VAA, which included the full operational control of the Holdback Portfolio and a cash payment of \$203.9 million. We are in the process of assuming the mortgage notes payable on Holdback Portfolio.

### **Table of Contents**

We plan to use our share of the proceeds from the sale of the VAA Sale Portfolio for additional investment in income-producing real estate, pay down debt and for general corporate purposes. Our ownership interest in VAA is held by SPC, and is therefore subject to the bond covenants of the three series of bonds that have been issued by SPC. These provisions include restrictions on the distribution of cash from SPC (See Note 12 - Bonds Payable in our consolidated financial statements).

#### **Critical Accounting Policies**

The preparation of our consolidated financial statements in conformity with United States generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Some of these estimates and assumptions include judgments on revenue recognition, estimates for common area maintenance and real estate tax accruals, provisions for uncollectible accounts, impairment of long-lived assets, the allocation of purchase price between tangible and intangible assets, capitalization of costs and fair value measurements. Our significant accounting policies are described in more detail in Note 2—Summary of Significant Accounting Policies in our notes to the consolidated financial statements in the Annual Report. However, the following policies are deemed to be critical.

#### Fair Value of Financial Instruments

We apply the guidance in ASC Topic 820, "Fair Value Measurements and Disclosures", to the valuation of real estate assets. These provisions define fair value as the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date, establish a hierarchy that prioritizes the information used in developing fair value estimates and require disclosure of fair value measurements by level within the fair value hierarchy. The hierarchy gives the highest priority to quoted prices in active markets (Level 1 measurements) and the lowest priority to unobservable data (Level 3 measurements), such as the reporting entity's own data.

The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date and includes three levels defined as follows:

- Level 1 Unadjusted quoted prices for identical and unrestricted assets or liabilities in active markets.
- Level 2 Quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 Unobservable inputs that are significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

### Related Parties

We apply ASC Topic 805, "Business Combinations", to evaluate business relationships. Related parties are persons or entities who have one or more of the following characteristics, which include entities for which investments in their equity securities would be required, trust for the benefit of persons including principal owners of the entities and members of their immediate families, management personnel of the entity and members of their immediate families and other parties with which the entity may deal if one party controls or can significantly influence the decision making of the other to an extent that one of the transacting parties might be prevented from fully pursuing our own separate interests, or affiliates of the entity.

#### **Results of Operations**

Many of the variations in the results of operations, discussed below, occurred because of the transactions affecting our properties described above, including those related to the Lease-Up Properties and the Disposition Properties (each as defined below).

For purposes of the discussion below, we define "Same Properties" as those properties that are substantially leased-up and in operation for the entirety of both periods of the comparison. Non-Same Properties for comparison purposes include those properties that have been recently constructed or leased-up ("Lease-up Properties") and properties that have been disposed of ("Disposition Properties"). A developed property is considered leased-up, when it achieves occupancy of 80% or more. We move a property in and out of Same Properties based on whether the property is substantially leased-up and in operation for the

### **Table of Contents**

entirety of both periods of the comparison. Accordingly, the Same Properties consist of all properties, excluding the Lease-up Properties and the Disposition Properties for the periods of comparison.

For the comparison of the three and nine months ended September 30, 2022 to the three and nine months ended September 30, 2021, the Lease-up Properties are Forest Grove, Parc at Denham Springs Phase II and the Disposition Properties are Overlook at Allensville Phase II, 600 Las Colinas, Toulon and Sugar Mill Phase III.

The following table summarizes our results of operations for the three and nine months ended September 30, 2022 and 2021:

Comparison of the three months ended September 30, 2022 to the three months ended September 30, 2021:

Our \$359.2 million increase in net income during the three months ended September 30, 2022 is primarily attributed to the following:

- The decrease in profit from the multifamily and commercial segments is due to the Disposition Properties.
- The change in interest expense, net is primarily due a reduction in reserve for uncollectable notes receivable and a decrease in interest from mortgage notes payables on the Disposition Properties.
- The increase in gains on foreign currency transactions is due to favorable changes in the U.S. Dollar and the New Israeli Shekel conversion rate.
- The decrease in gain on sale or write down of assets is primarily due to the \$27.3 million gain on the sale of 600 Las Colinas in 2021 (See "Dispositions" in Management's Overview).
- The increase in income from joint ventures is primarily due our share of the gain on the sale of the VAA Sale Portfolio in 2022 (See "Other Developments" in Management's Overview).
- The change in other (expense) income is primarily due to the \$87.9 million increase in our tax provision as a result of the sale of the VAA Sale Portfolio in 2022.

Comparison of the nine months ended September 30, 2022 to the nine months ended September 30, 2021:

Our \$404.3 million increase in net income during the nine months ended September 30, 2022 is primarily attributed to the following:

- The decrease in profit from the multifamily and commercial segments is due to the Disposition Properties.
- The decrease in general, administrative and advisory expenses is primarily due to the decrease legal costs from the Clapper and the arbitration settlements in 2021 (See "Other Developments" in Management's Overview).
- The change in interest expense, net is primarily due a reduction in reserve for uncollectable notes receivable and a decrease in interest from mortgage notes payables on the Disposition Properties and interest on the bonds payable.
- The increase in gain on foreign currency transactions is due to favorable changes in the U.S. Dollar and the New Israeli Shekel conversion rate.
- The decrease in gain on sale or write down of assets is primarily due to the \$27.3 million gain on the sale of 600 Las Colinas in 2021 (See "Dispositions" in Management's Overview) and a \$10.4 million decrease in gain on sales of land parcels, offset in part by the \$29.6 million loss on remeasurement of the Earn Out Obligation in 2021 (See "Other Developments" in Management's Overview).
- The increase in income from joint ventures is primarily due our share of the gain on the sale of the VAA Sale Portfolio in 2022 (See "Other Developments" in Management's Overview).
- The change in other (expense) income is primarily due to the \$89.1 million increase in the tax provision as a result of the sale of the VAA Sale Portfolio in 2022.

### **Liquidity and Capital Resources**

Our principal sources of cash have been, and will continue to be, property operations; proceeds from land and income-producing property sales; collection of notes receivable; refinancing of existing mortgage notes payable; and additional borrowings, including mortgage notes and bonds payable, and lines of credit.

Our principal liquidity needs are to fund normal recurring expenses; meet debt service and principal repayment obligations including balloon payments on maturing debt; fund capital expenditures, including tenant improvements and leasing costs; fund development costs not covered under construction loans; and fund possible property acquisitions.

We anticipate that our cash and cash equivalents as of September 30, 2022, along with cash that will be generated from notes and interest receivables, will be sufficient to meet all of our cash requirements. We may selectively sell land and income-producing assets, refinance or extend real estate debt and seek additional borrowings secured by real estate to meet our liquidity requirements. Although history cannot predict the future, historically, we have been successful at refinancing and extending a portion of our current maturity obligations.

The following summary discussion of our cash flows is based on the consolidated statements of cash flows in our consolidated financial statements, and is not meant to be an all-inclusive discussion of the changes in our cash flows for the periods presented below (dollars in thousands):

	 Nine Mont Septem		
	2022	2021	Variance
Net cash used in operating activities	\$ (6,874)	\$ (7,723)	\$ 849
Net cash provided by investing activities	\$ 154,850	\$ 106,536	\$ 48,314
Net cash used in financing activities	\$ (71,524)	\$ (101,870)	\$ 30,346

The increase in cash provided by investing activities is primarily due the \$172.8 million increase in distribution from joint venture and the \$40.3 million redemption of short term investments in 2022 offset in part by the \$99.4 million purchase of short term investments in 2022, the \$59.1 million decrease in proceeds from the sale of real estate and the \$6.1 million decrease in collection of notes receivable in 2022. The increase in distribution from joint venture is due to the sale of the VAA Sale Portfolio in 2022 (See "Other Developments" in Management's Overview).

### **Table of Contents**

The decrease in cash used in financing activities is primarily due to the \$47.0 million decrease in payments of mortgages, notes and bonds payable offset in part by the \$20.0 million in proceeds on the mortgage notes payable in 2021.

### **Funds From Operations ("FFO")**

We use FFO in addition to net income to report our operating and financial results and consider FFO and FFO-diluted as supplemental measures for the real estate industry and a supplement to GAAP measures. The National Association of Real Estate Investment Trusts ("Nareit") defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales of properties, plus real estate related depreciation and amortization, impairment write-downs of real estate and write-downs of investments in an affiliate where the write-downs have been driven by a decrease in the value of real estate held by the affiliate and after adjustments for unconsolidated joint ventures. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis. We also present FFO excluding the impact of the effects of foreign currency transactions.

FFO and FFO on a diluted basis are useful to investors in comparing operating and financial results between periods. This is especially true since FFO excludes real estate depreciation and amortization, as we believe real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. We believe that such a presentation also provides investors with a meaningful measure of our operating results in comparison to the operating results of other real estate companies. In addition, we believe that FFO excluding gain (loss) from foreign currency transactions provide useful supplemental information regarding our performance as they show a more meaningful and consistent comparison of our operating performance and allows investors to more easily compare our results.

We believe that FFO does not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income as defined by GAAP, and is not indicative of cash available to fund all cash flow needs. We also caution that FFO, as presented, may not be comparable to similarly titled measures reported by other real estate companies.

We compensate for the limitations of FFO by providing investors with financial statements prepared according to GAAP, along with this detailed discussion of FFO and a reconciliation of net income to FFO and FFO-diluted. We believe that to further understand our performance, FFO should be compared with our reported net income and considered in addition to cash flows in accordance with GAAP, as presented in our consolidated financial statements.

The following table reconciles net income attributable to the Company to FFO and FFO adjusted for the three and nine months ended September 30, 2022 and 2021 (dollars and shares in thousands):

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS

Optional and not included.

### ITEM 4. CONTROLS AND PROCEDURES

Based on an evaluation by our management (with the participation of our Principal Executive Officer and Principal Financial Officer), as of the end of the period covered by this report, our Principal Executive Officer and Principal Financial Officer concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), were effective to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to our management, including our Principal Executive Officer and Principal Financial Officer, to allow timely decisions regarding required disclosures.

There has been no change in our internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)) during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

### PART II. OTHER INFORMATION

#### ITEM 1. LEGAL PROCEEDINGS

In February 2019, Paul Berger ("Berger") filed suit against us and others that alleged that our subsidiary IOR completed improper sales and/or transfers of property. Berger sought to proceed derivatively and directly, requested a payoff of various related party loans to IOR and that IOR then distribute the funds to its stockholders. After discovery and motions to dismiss substantial portions of the complaint, on June 28, 2022, Plaintiff Berger sought to voluntarily dismiss the action for reasons stated in the motion. The parties have not entered into any settlement, and neither Berger nor their counsel has received any consideration for the voluntary dismissal. The parties, through counsel, have stipulated to the dismissal with prejudice. On June 29, 2022, the United States District Court ordered that notice of the dismissal be provided to IOR shareholders. A copy of the required notice was filed as an exhibit to a Form 8-K of IOR for event occurring June 29, 2022 (the date of the Court's order), and on July 7, 2022, a copy of the required notice was posted on IOR's website. If no action is taken by one or more other stockholders of IOR prior to August 19, 2022, the Court may enter an order dismissing the Berger case with prejudice.

#### ITEM 1A RISK FACTORS

Except as set forth below, there have been no material changes from the risk factors previously disclosed in the 2021 10-K. For a discussion on these risk factors, please see "Item 1A. Risk Factors" contained in the 2021 10-K.

### Risks Related to COVID-19 Pandemic

We continue to closely monitor the impact of the COVID-19 pandemic on all aspects of our business and our property portfolio. While we did not incur significant disruptions during the nine months ended September 30, 2022 from the COVID-19 pandemic, our commercial properties have experienced a decline in occupancy. We are unable to predict the impact that the COVID-19 pandemic will have on our financial condition, results of operations and cash flows due to numerous uncertainties. These uncertainties include the scope, severity and duration of the pandemic, the actions taken to contain the pandemic or mitigate its impact and the direct and indirect economic effects of the pandemic and containment measures, among others. Nearly every industry has been impacted directly or indirectly, and the commercial real estate market has come under pressure due to numerous factors, including preventative measures taken by local, state and federal authorities to alleviate the public health crisis such as mandatory business closures, quarantines, and restrictions on travel and "shelter-in-place" or "stay-at-home" orders. The future impact of COVID-19 on our business and financial activities will depend on future developments, which at this stage are unpredictable considering the fluctuations of COVID-19 outbreaks and the resulting changes in the markets.

### ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

We have a program that allows for the repurchase of up to 1,250,000 shares. There were no shares purchased under this program during the nine months ended September 30, 2022. As of September 30, 2022, 986,750 shares have been purchased and 263,250 shares may be purchased under the program.
