I. Eligible Projects

Eligible projects include neighborhood improvement projects that are backed by neighborhood organizations, community leaders, business owners, and/or an established community organization within the City of Ferguson. Projects *must* increase the pride, distinction, and livability of a Ferguson neighborhood(s), and/or improve the appearance and value of individual houses.

All project applicants must attach a detailed plan for the improvement project, including a budget showing the incorporation of funds already pledged as well as the FNIP match. Projects using volunteer labor (materials only) are also possible and will be considered, without the organization providing matching funds. FNIP will give up to \$1,000 to a project that is approved through this process.

III. Acceptable Uses of Fund

The FNIP Board will vote on the acceptable uses of the funds on a case-by-case basis. However, ideal projects include – developing a community garden, community gathering places, community wide clean-ups, neighborhood identification signs, block events, etc.

IV. Terms of the Fund

- a. The recipients will have six months from notification to spend or at least encumber the funds.
- b. The recipients agree that their names may be used for the purpose of publicizing the Neighborhood Improvement Matching Fund.
