

RISE[®] PLATE CARRIER

RISE[®] BODY ARMOR SYSTEM

PLATE CARRIER

A SYSTEM BUILT FOR YOUR MISSION

The RISE[®] Plate Carrier expands the RISE[®] Body Armor System with a purpose-built tactical armor platform engineered for operators who require enhanced mobility without sacrificing protection. Designed around the DefendCore™ Belt System, the RISE[®] Plate Carrier extends coverage beyond traditional plate carrier configurations while maintaining the streamlined profile, agility, and adaptability expected from a modern tactical carrier.

RISE® PLATE CARRIER

PERFORMANCE

- DefendCore™ Belt System with overlapping armor design for enhanced side coverage
- Integrated stretch within the DefendCore™ Belt System helps transfer load from the shoulders to the torso for improved comfort during extended wear
- Compatible with Truth SNAP® stand alone and in conjunction with (ICW) Rifle Plates
- Canted rear belt elevates back rifle plate to trap line for enhanced protection
- Supports side rifle plate integration for expanded protection options
- Included air channel inserts improve airflow and heat management during extended wear

INCLUDES

- RISE® Plate Carrier
- Ally One® Mission Flap Placard
- Ally One® Integrated Shoulder Pads
- Ally One® front and back Air Panels

MOBILITY

- Streamlined plate carrier profile designed for dynamic movement
- Designed to support high-mobility tactical operations without unnecessary bulk
- FirstSpear® Tubes technology for rapid donning and doffing
- Adjustable fit architecture designed for mission-specific loadouts
- Ally One® Integrated Shoulder Pads improve mobility and comfort during extended wear

PURPOSE BUILT

- Mission Flap Placard compatibility for rapid mission configuration changes
- Concealed routing points support cable, hydration, and communications management while maintaining a streamlined profile
- Magnetic drag handle for rapid emergency extraction capability
- Durable construction engineered for operational environments

UPGRADES

- Truth SNAP® Side Plates
