Our Vision & Values

The Chi Alliance is a trusted community where ancient wisdom meets modern wellness. We unite practitioners, brands, and seekers in one ecosystem, expanding visibility, deepening engagement, and empowering individuals to live with balance, clarity, and purpose. Guided by our core values of connection, wisdom, and harmony, we lead as an alliance that nurtures growth and transformation.

My Why

As Harry, YourChiWiz, Founding officer of The Chi Alliance, I understand the challenges of starting a business, building community, and finding credible partners without draining resources. That's why I founded The Chi Alliance, a global ecosystem built on passion and purpose. Here, seekers, enthusiasts, practitioners, and entrepreneurs find authentic connections, share wisdom, and grow together. Feng Shui teaches us that when energy flows, life flourishes, and true transformation happens when we thrive as a community.
