Why It Matters

Never miss a client birthday or anniversary again. Strengthen relationships, boost referrals, and add a human touch — automatically.

The Challenge

CPAs juggle hundreds of clients and endless numbers — but personal connection builds loyalty.

The Opportunity

A simple 'Happy Birthday' or 'Congrats on 5 years in business!' can turn into a referral or renewed engagement.

What the WallyWishes Bot Does

1

Monitors client birthdays & anniversaries

Directly from your Google Sheet or CRM.

2

Sends reminders or auto-drafts greetings

No extra tools or data sharing.

3

Fully hands-free once set up

30 mins, free.

What You Gain

2–3x

Increase touchpoints by 2–3x with zero extra admin time.

Loyalty

Strengthen client loyalty and improve retention.

Scale

Build authentic relationships at scale — with your unique tone.

Why Free?

We want you to experience the impact of AI-powered efficiency firsthand.

*If it saves you time and earns a smile,
that's the spark we are after.....*
