

# KRYSTIAN KOWALCZYK

## DIGITAL DESIGNER AND DEVELOPER

EDINBURGH, UK | KRYSTIANK@EMAIL.COM | +44 7414 698618

Multidisciplinary Digital Designer with experience across UX/UI, web development, and branding. Skilled in creating responsive, accessible websites using WordPress, HTML5, SCSS, and JavaScript, alongside strong expertise in UX research, wireframing, and prototyping. I've worked with clients such as Scotmid, Isle Utilities, BBC Scotland, and NHS Lothian, contributing to live projects that balance creative design with technical execution. Currently pursuing an MSc in UI/UX Design at Edinburgh Napier University, I combine academic research with real-world design and development practice.

### SKILLS

- Web & Development – WordPress (custom themes, ACF, Gravity Forms), Webflow, HTML5, CSS3/SCSS, JavaScript (ES6), Bootstrap, responsive design
- UX/UI Design – Wireframing, prototyping, user flows, usability testing, accessibility (WCAG), design systems
- Visual & Branding – Figma, Adobe Creative Suite (Photoshop, Illustrator, InDesign, After Effects)
- Collaboration & Workflow – Git version control, Agile teamwork, stakeholder communication, Miro, InVision

### WORK

#### FREELANCE UX/UI DESIGNER & DEVELOPER

Remote / Edinburgh | Jan 2025 – Present

- Designed responsive web and mobile interfaces for startups and creative professionals.
- Created prototypes and scalable design systems in Figma, aligning with client goals.
- Conducted usability reviews and accessibility audits, implementing design improvements.
- Managed projects independently, balancing creative direction with technical delivery

#### JUNIOR DESIGNER & DEVELOPER

Primal Space | Mar 2024 – Dec 2024

- Designed and developed custom WordPress websites for clients including Scotmid and Isle Utilities.
- Built Scotmid's Membership sign-up page with Gravity Forms and integrated ACF for flexible content.
- Styled responsive layouts with SCSS, CSS Grid, and Bootstrap, improving usability and consistency.
- Collaborated closely with designers, developers, and project managers to meet deadlines.
- Gained experience with Git for version control and professional agency workflows.
