

Join us for

The Vocation of Work

Explore how our daily work contributes to our sanctification as part of God's divine plan. Learn how, from the beginning of creation, God has entrusted us with dignified work that helps us play a part in the world as co-creators with the Father. Understanding how work is a part of rather than separate from our life of faith will help us see how we can bring our Catholic values into their work, whatever that may be.
