How Vanam Compares

(In 6 Simple Points)

What Matters Most	Standard Brokers & Local Clinics	The Vanam Way
1. Doctor-Led Planning	Planned by sales agents or solo clinics without travel integration.	Senior dentists (15+ yrs) personally design both clinical and travel schedules.
2. Guaranteed Doctor Continuity	Patients see different assistants or doctors each visit.	Same doctor handles all treatments and follow-ups throughout.
3. Healing-First Pacing	Patients rushed into tourist activities post-surgery.	Healing prioritized with rest days, soft-food meals, and synchronized tours.
4. Guaranteed Quality & Price	Risk of cheap materials and hidden fees.	Top global brands only (Straumann®, Nobel Biocare®) with fixed upfront pricing.
5. Full VIP Concierge	Patients arrange their own logistics post-surgery.	Full-service: airport escorts, luxury stays, and 24/7 local hosts.
6. Lifetime Aftercare	No follow-up after returning home.	Continuous telehealth and direct video follow-ups with the same doctor.

Vanam provides a unified, doctor-guided experience combining dental care, travel, and aftercare under one coordinated team.
