Approbation - A Letter of Bracha

With praise and gratitude to Hashem Yisborach, I wish to bless my distinguished, dear, and esteemed friend, Rav Shlomo Mermelstein, on his unique and wonderful initiative of endearing the study of Navi to Bnei Yisrael. You should be blessed.

Your precise illustrations based on Midrashim of Chazal reflect how deeply and exceptionally you have labored. The explanations that have been developed through this work testify to the extensive and profound learning of Sefer Yehoshua, on which the Chazal say, (Nedarim 22) Rav Ada b'Rebbe Chanina said, "Had Yisrael not sinned, it would be given only the Five Books of Moshe and the Book of Yehoshua, which contains the boundaries of Eretz Yisrael."

I bless him from the depths of my heart and bless him to continue spreading the illuminating Light of the Torah.

Shlomo Levi,
