A total of 0* transactions are detailed in this report

Report Details

*In this report, grouped transactions are broken down into their individual components. For example, a single trade is displayed as separate buy and sell transactions. All fiat values and prices are in AUD unless otherwise stated. Where shown, market prices are determined using the average market value at the time of the acquisition/disposal unless the price is otherwise provided by the trading platform (or is manually overridden). All dates and times are in the "Australia/Sydney" timezone.
