Portrait Photography

Photography has been a passion of mine for many years. While it's fundamentally about capturing light to create an image, it also allows us to shape and control that light to achieve specific effects. In this personal project, a light diffuser was positioned behind a sheer curtain, producing a soft, beautifully filtered glow.

UI, Food Photographer & Stylist

In this project, I was able to apply my passion for photography for a client. Simple Recipes is an interactive touchpad website designed to make home cooking approachable and visually engaging. The project blends warm, rustic photography with a clean digital interface to create a sensory experience that celebrates food, color, and simplicity.

The image shows a hand holding a smartphone displaying the GreenPantry app. The app's interface is visible, showing a 'FOOD FROM WASTE' section with icons for 'No Animal', 'No Dairy', 'No Eggs', and 'No Sugar'. Below these are sections for 'No Educate' and 'No Engage'. The app also features a large image of a pie and a QR code.
