

# Developer Studio Workshop

## OVERVIEW

The Developer Studio workshop is a 6 hour course that provides a hands-on exploration of the No-Code platform across architectural, functional, and technical topics. The course includes hands-on exercises to build a basic standard application in Nextworld.

## WHO SHOULD ATTEND?

The audience for the Developer Studio workshop is developers who will be developing Nextworld no-code custom applications, extensions and solutions using Nextworld's Developer Studio.

Attendees should have skills in:

- Enterprise Software Development
- Data Modeling

## COURSE OBJECTIVES

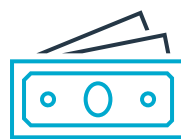

By the end of this course, participants will be able to:

- Develop business application solutions based on stakeholder requirements
- Create metadata necessary for building an application in Nextworld

## COURSE PREREQUISITES

To take this course, attendees must have taken:

- Navigating Nextworld
