glue handle here

COLOR, CUT, FOLD & GLUE

1. Color. Cut out both pieces. Snip the short line between handle feet.
2. Fold dashed lines. Fold handle in half; glue tall halves back to back. Keep feet free; bend them outward.
3. Glue feet to TOP. Wrap panels into a square; glue the long tab inside.
4. Glue TOP tabs inside the body.
5. Fold bottom triangles to a point; glue each G tab inside the next. Hold the seams until the glue sets.
