numbness remains more than a few hours or if you develop a rash. I understand that the injection area(s) may be uncomfortable
following treatment and that my jaw may be stiff and sore from the anesthetic injection. I also understand that temporary or
permanent injury to nerves and/or blood vessels from the injection may occur. Nerve disturbances may include pain or numbness,
and/or unusual sensations such as itching, burning, or tingling of the lip, tongue, chin, teeth, and/or mouth tissues.
I understand that some after-treatment effects and complications tend to occur with regularity. These include:
