Why You Can Trust Pella

At Pella, we don't just create windows and doors. We innovate with purpose, design with passion, build with integrity and deliver with pride.

Rated #1 for highest craftsmanship

by homeowners¹

We are continually striving to improve what we do and how we do it. That drive has earned us 284 patents and counting for amazing innovations. In 1925 we opened our doors with the patented Rolscreen® retractable screen, a time-tested innovation that is still a popular feature today.

Rated #1 for highest quality

by homeowners¹

We sweat the details so you don't have to, delivering products created specifically for your projects. On average, we perform over 9.5 million quality checks every year. At Pella, just meeting the standard isn't enough. That's why we test beyond requirements and set a new standard to ensure quality windows and doors that are built to last.

The Best Limited Lifetime Warranty

for wood windows and patio doors²

Your customers can feel confident in their investment. We pride ourselves on providing exceptional quality, exceeding expectations and going beyond requirements. That's why we stand behind all of our windows and patio doors with a limited lifetime warranty.³

¹ Study of homeowner perceptions of leading national brands. Study commissioned by Pella, 2023.
² Based on comparing written limited warranties of leading national wood window and wood patio door brands. See written limited warranties for complete details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service at 866-319-0397.
³ See written limited warranties for complete details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service at 866-319-0397.

Install Windows 3x Faster²

Pella® Steady Set™ Interior Installation System is the **industry's fastest, most labor efficient** wood window installation system with **uncompromising quality**.¹ The award-winning system is a safer way to install, is **3.15 times faster** and **utilizes less labor** than standard fin installation methods.^{2,3} Plus, it is available at no additional cost.

Available on new construction Pella Reserve™ and Pella Lifestyle Series windows.⁴

¹ Comparing average install time and plumb/level/square measurements of leading national wood window brands when installed following the manufacturer's standard installation methods for new construction windows.

² Compared to the average of the leading national wood window brands installation methods for new construction windows when installing standard size window (29x59) into 2nd story application.

³ Compared to leading national wood window brands recommended installation methods for new construction windows.

⁴ Excludes select shapes and products.

Pella® Steady Set™ Interior Installation System

Head Stabilizer

- Engages with the header of the rough opening to help temporarily stabilize the unit
- Helps eliminate the need for someone to hold the unit from falling inwards prior to fastening
- Frees up a secondary installer to move on to other work

Shim Guide

- Pre-attached to the jambs of select units
- Assists the installer by helping to hold shims in the correct location
- Can help ensure consistent frame to sash reveals

Flashing Fin with Continuous Corners

- Pop-up yellow exterior fin is easily deployed after the window is set and helps ensure an exterior water barrier after being flashed
- Features a flexible hinge that naturally adapts to variation within the wall and an integrated corner seal allowing for a continuous seal

Sill Shim

- Pre-applied sill shims raise the unit 1/4" off the rough opening sill, ensuring space for foam and/or sealant
- Gap allows for installers to easily insert tools to manipulate the unit
- Limits pinched fingers and product damage when leveling

Interior Installation Bracket

- The pre-attached receiver helps enable a reliable, safe and simple install
- Simply clip into place to be install ready
- This structural attachment method securely attaches the window to the rough opening

glass and a Provincial interior.

Aluminum-Clad Wood Windows & Patio Doors

Windows & Patio Doors
Aluminum-Clad Wood

Get the beauty and warmth of natural wood, our most customizable designs and exceptional energy efficiency. Personalize windows and patio doors to match your project with special sizes, grilles, premium interior and exterior colors and hardware finishes.

Our innovative EnduraGuard® wood protection provides advanced protection against the effects of moisture — helping to provide long-lasting performance. Pella's wood products are backed by the best limited lifetime warranty in the industry for wood windows and patio doors.¹

Pella® Reserve™

Traditional

Exquisite designs with unparalleled historical detailing.

Contemporary

Simple and sophisticated designs that embody the tenets of pure, contemporary style.

Pella Lifestyle Series

#1 performing wood window and patio door for the combination of energy, sound and value.²

The best limited lifetime warranty in the industry.

We know your reputation matters and you stake your reputation on quality, dependable products. That's why we have the best limited lifetime warranty in the industry for wood windows and patio doors.¹

¹ Based on comparing written limited warranties of leading national wood window and wood patio door brands. See Pella written Limited Warranty for details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service at 866-319-0397.

² Performance solutions offering an unbeatable combination of energy efficiency, sound control and value, require upgrades to triple-pane, AdvancedComfort Low-E and mixed glass thickness. Based on comparing product quotes and published STC/OITC and U-Factor ratings of leading national wood window and patio door brands.

Pella® Reserve™

Authentic designs with uncompromised attention to detail.

Made for the distinction creators, the purists of design, the architectural historians—each window and door is meticulously designed to achieve your vision. We deliver tailor-made solutions and intentional innovations to achieve your unique vision without concessions. From simple yet sophisticated style to historical detailing, anything less simply won't do.

Pella Reserve — Traditional windows and patio doors are exquisitely designed with unparalleled historical detailing. They feature through-stile construction, deliberate proportions and intricate profiles to achieve authentic traditional style.

Contemporary-designed Pella Reserve windows and patio doors offer simple and sophisticated styles with expansive glass, sleek, minimal profiles and through-stile construction, which embody the tenets of pure contemporary design.

Pella® Reserve™ Traditional

Wood & Aluminum-Clad Wood

Pella Reserve
Traditional

Unparalleled historical detailing

Featuring historic elements with uncompromised attention to detail, including Integral Light Technology® grilles and a historic putty profile.

Authentic hardware

With a historically authentic spoon-lock and our Antiek casement window hardware inspired by period furniture.

Integrated Rolscreen®

A retractable screen that appears when you open the window and disappears into the frame when the window is closed.

Historic elements

Putty profile. Further your aesthetic with the putty profile, recreated with historically accurate angles to provide meaningful depth and a realistic shadow. These products offer the industry's deepest sash dimension.

Through-stile construction. Essential to the tradition of window making, butt joinery and through-stile construction create authentic proportions and emulate historic window design.

Integral Light Technology. Pella's Integral Light Technology helps capture the look of true-divided-light without sacrificing energy performance.

Intentional innovations

Single- and double-hung Integrated Rolscreen. The Integrated Rolscreen is a screen on a single- and double-hung window that appears when you open the window, and rolls away, out of sight, when you close it.

Innovative sash lugs. Add sash lugs to the exterior of our double-hung windows to create an authentic look, while maintaining modern tilting functionality for easy cleaning.

Steady Set™ interior installation system. The industry's fastest wood window installation system with uncompromising quality.²

Achieve authentic traditional style with exquisitely designed windows and doors with unparalleled historical detailing. Featuring through stile construction, deliberate proportions and intricate profiles, you can create the ideal look for your design. These products offer durable interiors with extruded aluminum exteriors and cutting-edge innovations to solve modern-day inconveniences without compromising the design. Additionally, large multi-slide and bifold patio doors help you blur the lines between indoors and out.

From preliminary drawings to installation, Pella's expert team of architects, engineers, drafters and consultants can work to deliver custom window and door solutions for your project. Plus, we stand behind Pella Reserve products with the best limited lifetime warranty for wood windows and patio doors.¹

¹ Based on comparing written limited warranties of leading national wood window and wood patio door brands. See Pella written Limited Warranty for details, including exceptions and limitations, at pella.com/warranty or contact Pella Customer Service at 877-473-5527.

We proudly stand behind our products with the best limited lifetime warranty for wood windows and patio doors.¹

Pella® Reserve™ – Contemporary windows are equipped with the patented Steady Set™ interior installation system. It features easy-to-learn components to help ensure a high-quality, repeatable and reliable window installation.

Available in these window and patio door styles:

Special shapes also available.

¹Based on comparing written limited warranties of leading national wood window and wood patio door brands. See Pella written Limited Warranty for details, including exceptions and limitations, at pella.com/warranty or contact Pella Customer Service at 877-473-5527.

Colors & Finishes

Wood Types Choose the wood species that best complements your project's interior.

Prefinished Pine Interior Colors When you select pine, we can prefinish in a variety of colors. Unfinished or primed and ready-to-paint are also available.

Extruded Aluminum-Clad Exterior Colors Our low-maintenance EnduraClad® exterior finish resists chalking and fading. Take durability further with EnduraClad Plus protective finish, which meets the industry's highest exterior coating standard to defend against chalking and fading.¹ Custom colors are also available.

Glass

InsulShield® Low-E Glass²

Advanced Low-E insulating dual- or triple-pane glass with argon³, Advanced Comfort Low-E insulating dual-pane glass with argon, NaturalSun Low-E insulating dual- or triple-pane glass with argon³, NaturalSun+ Low-E insulating dual-pane glass with argon, SunDefense™ Low-E insulating dual- or triple-pane glass with argon, SunDefense+ Low-E insulating dual-pane glass with argon

Additional Glass Options

Laminated (non-impact-resistant)^{4,5}, tinted^{2,4} or obscure^{2,4} glass also available on select products, STC (Sound Transmission Class)-improved dual-pane sound glass^{3,6}, Impact-resistant glass^{3,4}

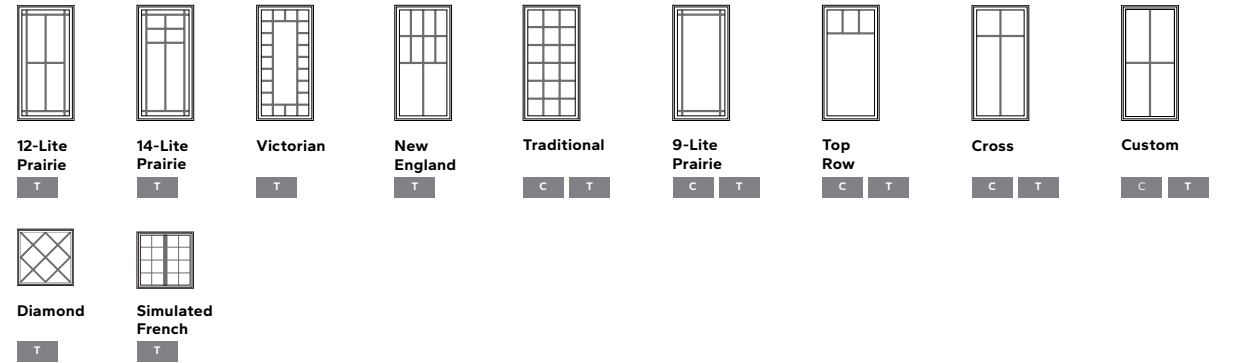

¹ The highest exterior coating standard for painted aluminum exteriors is the AAMA 2605 standard. EnduraClad Plus protective finish is not available with all colors. See your local Pella sales representative for availability.
² Optional high-altitude InsulShield Low-E glass is available with or without argon on select products.
³ Available on select products only. See your local Pella sales representative for availability.
⁴ Available with Low-E insulating glass with argon on select products.
⁵ For best performance, the laminated glass may be in the interior or exterior pane of the insulating glass, depending on the product.
⁶ Sound control glass consists of dissimilar glass thickness (3mm/5mm).

Grilles

Grille Types Choose the look of true divided light with Integral Light Technology® or make cleaning easier by selecting grilles-between-the-glass.

Grille Patterns In addition to the patterns shown here, custom grille patterns are available.

Screens³

Rolscreen® & Integrated Rolscreen Rolscreen soft-closing retractable screens roll out of sight when not in use on Pella Reserve – Traditional and Pella Reserve – Contemporary casement windows. The Integrated Rolscreen is a fully concealed Rolscreen that moves seamlessly with the sash – appearing when you open a Pella Reserve – Traditional single- or double-hung window and rolling completely away when you close it.

Flat InView™ screens let in 14% more light and are 8% more open for improved airflow.⁴

TuffScreen® by Phifer Keep bugs out and enjoy more fresh air with one of the most durable screen options on the market. The heavy-duty vinyl-coated screen is tear, puncture and damage resistant, standing up to pets, children and harsh weather. The TuffScreen® by Phifer is 2.5x stronger than a standard screen.⁵ Available on sliding patio doors only.

¹ Color-matched to your product's interior and exterior color.
² Appearance of exterior grille color may vary depending on the Low-E insulating glass selection.
³ Warning: Use caution when children or pets are around open windows and doors. Screens are not designed to retain children or pets.
⁴ Improved airflow is based on calculated screen cloth openness. Screen cloth transmittance was measured using an integrated sphere spectrophotometer.
⁵ Based on the composite results of a 5-panel strength analysis comparing TuffScreen and standard screening. All trademarks are property of their respective owners.

Pella® Lifestyle Series

Aluminum-Clad Wood

Pella Lifestyle Series

#1 performing wood window and patio door¹

For the combination of energy, sound and value.

Time-tested innovations

Create unique, room-by-room solutions to meet real-life needs.

83% more energy efficient²

On average compared to single-pane windows — with performance solutions for improved comfort.

Exceptional performance and style.

Style flexibility. Whether your client's home is traditional, modern or somewhere in between, choose beautiful windows and patio doors that fit their style.

Redefining performance. Get both unrivaled energy efficiency and sound performance at an incredible value. With the Ultimate Performance package, windows are on average 79% more energy efficient and reduce 52% more outside noise than single-pane windows.^{2,5}

Enhanced durability. Our windows are designed to stand the test of time with exterior wood parts treated with exclusive EnduraGuard® wood protection and an aluminum-clad exterior with EnduraClad® finish.

Room-by-room solutions.

Hidden Screen. The innovative double-hung screen appears when the window is open and folds away when it is closed. It is easy to install and retrofittable.

Integrated blinds and shades. Intentionally designed to be accessible, blinds and shades are tucked between glass panes and are protected from dust, pets and little hands.

TuffScreen® by Phifer The heavy-duty vinyl-coated sliding patio door screen is tear, puncture and damage resistant, standing up to pets, children and harsh weather. It is 2.5x stronger than a standard screen.⁶

Create solutions that are perfect for real life. Covered by the best limited lifetime warranty in the industry for wood windows and patio doors, Pella Lifestyle Series offers everything you love about wood — including beauty, durability and style flexibility.³ Begin with dual- or triple-pane glass and then select from the most desired features and options.⁴

Pella Lifestyle Series is the #1 performing wood window and patio door for the combination of energy, sound and value.¹ Packed with purposeful innovations like the Hidden Screen and integrated blinds and shades, we designed windows and patio doors to work for your project room by room.

¹ Performance solutions require upgrades to triple-pane, AdvancedComfort Low-E and mixed glass thickness. Based on comparing product quotes and published STC/OITC and U-Factor ratings of leading national wood window and patio door brands.

² Window energy efficiency calculated in a computer simulation using RESFEN 6.0 default parameters for a 2000 sq. foot new construction single-story home when comparing Pella Lifestyle Series windows with Advanced Comfort Low-E triple-pane glass with argon and mixed glass thickness to a single-pane wood or vinyl window. Double-hung windows are not available with triple-pane glass. The energy efficiency and actual savings will vary by location. The average window energy efficiency is based on a national average of 94 modeled cities across the country and weighting based on population. For more details see pella.com/methodology.

³ Based on comparing written limited warranties of leading national wood window and wood patio door brands. See Pella written Limited Warranty for details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service at 866-319-0397.

⁴ Double-hung window only available with dual-pane glass.

⁵ Reduction in sound based on OITC ratings of Pella Lifestyle Series windows with triple-pane glass with mixed glass thickness to a single-pane wood or vinyl window with an OITC of 19. Calculated by using the sound transmission loss values in the 80 to 4000 Hz range as measured in accordance with ASTM E-90(O9). Actual results may vary.

⁶ Based on the composite results of a 5-panel strength analysis comparing TuffScreen and standard screening. All trademarks are property of their respective owners.

Windows & Patio Doors
Fiberglass

Fiberglass Windows & Patio Doors

The natural strength and durability of fiberglass makes it an exceptional choice for windows and doors. As a leader in innovation since 1925, we created our proprietary fiberglass to give our customers more — more strength for long-lasting use and thinner profiles with more glass. Our fiberglass is the strongest material for windows and patio doors, engineered for lasting durability.* It delivers exceptional durability for the jobsite, easier installation, larger sizes and factory and field-mulling capabilities.

PROPRIETARY FIBERGLASS MATERIAL
Pella's fiberglass windows and patio doors are made from our proprietary fiberglass material through our one-of-a-kind manufacturing process.

The confidence of a strong warranty.

We know your reputation matters and you stake your reputation on quality, dependable products. That's why we have one of the strongest warranties in the business. See written limited warranty for details, including exceptions and limitations, at pella.com/warranty.

* Pella's proprietary fiberglass material has displayed superior strength over wood, vinyl, aluminum, wood/plastic composites, and other fiberglass materials used by leading national brands in tensile and 3-point bend tests performed in accordance with ASTM D638 and D790 testing standards.

Pella® Impervia® Fiberglass

Unmatched strength & lasting durability

Made from our proprietary fiberglass, the strongest material available for windows and patio doors.¹

Sleek, timeless style

Versatile design elements combined with sleek profiles and clean lines deliver a timeless style.

Proven performance

Get outstanding resistance to water, wind and outside noises while increasing energy efficiency, security and ease of operation.

Installation solutions & expertise

Save time and reduce costly callbacks with our exclusive installation methods. It's rare to come across an application that we haven't already solved for.

Tested beyond requirements

Tested to extremes from -40° F to 180° F, our proprietary fiberglass can handle the most extreme heat and sub-cold.² Our products are tested beyond industry standards to help ensure less maintenance with fewer callbacks.

Pella Impervia

Rigorously tested, optimized designs.

73x more impact resistant than Fibrex.⁴ Pella Impervia products are made from our proprietary fiberglass material and are on average 73x more impact-resistant than Andersen Fibrex, a wood/plastic composite product. You can trust our fiberglass products to stand up to a hammer misfire and other jobsite conditions.

Tested beyond requirements. Tested to extremes from -40° F to 180° F, our proprietary fiberglass can handle the most extreme heat and sub-cold.² Our products are tested beyond industry standards to help ensure less maintenance with fewer callbacks.

ENERGY STAR® certified.⁵ Pella Impervia products offer energy-efficient options that will meet or exceed ENERGY STAR guidelines in all 50 states.

Sleek, versatile elements.

Up-to-date color palette. Interior and exterior color options to achieve your customer's unique design style, including Black. Our colors are a durable, powder-coat finish which resists chalking and fading.

Revolutionary hardware. Our patented Easy-Slide Operator allows your homeowner to simply slide to open casement and awning windows, without the effort of cranking. Select a complementary or contrasting hardware finish to add interest.

Unique factory mulling. Factory-mulled combinations help save you time on the jobsite. And the superior strength of Pella fiberglass allows you to create larger, unique combinations, made just for your remodel or new construction project.

Pella Impervia products are engineered to last. Our proprietary fiberglass material provides unmatched strength and lasting durability with sleek, timeless style.² And they balance thermal efficiency, scale and value when it matters most.

Don't leave water and structural performance to chance. Tested in extremes and designed for every day, Pella Impervia products are engineered for the rigorous performance requirements of a commercial building and are designed to resist water, wind and outside noises.³ With 100 years in business, it's rare to come across an application that we haven't already designed a robust installation for. We've got you covered with both products and an installation designed for your exact situation. And whether new construction or window replacement, we have a dedicated team of experts to help with your project.

¹ Pella's proprietary fiberglass material has displayed superior strength over wood, vinyl, aluminum, wood/plastic composites, and other fiberglass materials used by leading national brands in tensile and 3-point bend tests performed in accordance with ASTM D638 and D790 testing standards.

² In testing performed in accordance with ASTM testing standards, Pella's fiberglass has displayed superior performance in strength, ability to withstand extreme heat and cold and resistance to dents and scratches. Special shape windows are made from a fiberglass resin material.

³ Pella Impervia windows and patio doors have a performance grade of LC or higher. For information on product ratings see pella.com/performance.

⁴ Impact testing performance based on testing 10 samples of each material using ASTM D256, Method C.

⁵ Pella products may not meet ENERGY STAR guidelines in Canada. For more information, contact your local Pella sales representative or go to energystar.gc.ca.

² Optional high-altitude Low-E insulating glass available with or without argon on select products.
³ For best performance, the laminated glass may be in the interior or exterior pane of the insulating glass, depending on the product.
⁴ Available with Advanced Low-E insulating glass with argon with bronze, gray or green tint on selected products.
⁵ Sound control glass consists of dissimilar glass thickness (3mm/5mm or 5mm/3mm).
⁶ Available on direct set, awning, casement windows and sliding patio doors.
⁷ Appearance of exterior grille color may vary depending on the Low-E insulating glass selection.
⁸ Available on direct set windows only.
⁹ Grille patterns offered may vary per product. See specific product information for availability.
¹⁰ Warning: Screen will not stop child or pet from falling out of window or door. Keep child or pet away from open window or door.
¹¹ Improved airflow is based on calculated screen cloth openness. Screen cloth transmittance was measured using an integrated sphere spectrophotometer.

Window Hardware

Casement & Awning

The patented Easy-Slide Operator is a revolutionary way to operate casement and awning windows. Simply slide to open, without the effort of cranking. With precision venting technology, the window will open to an exact location. Or select the fold-away crank, which folds neatly away against the window frame. Both solutions allow roomside window treatments to hang neatly.

Easy-Slide Operator

Fold-Away Crank

Color-Matched Finishes:

Additional Finish:*

Satin Nickel

Sliding, Single- & Double-Hung

Pella's cam-action lock pulls the sash against the weatherstripping on single-hung, double-hung and sliding windows for a tighter seal.

Pella® 250 Series
Multi-slide patio door
with premium panels
features a White interior
and Black exterior.

Vinyl Windows & Patio Doors

When your homeowners want low-maintenance, energy efficient and affordable windows and patio doors, vinyl is the right choice. Our unique vinyl formula is performance-tested for excellent weathering, durability and color retention.

Multi-chambered frames and metal-reinforced, interlocking sashes add strength and durability while helping to prevent warping, sagging and bowing. White, Almond and Fossil-colored frames, with optional upgrades to dual-color frames, are available on select product lines.

Pella 250 Series

Innovative and enhanced security and privacy features for more peace of mind.

Encompass by Pella

Competitively-priced, easy-care vinyl windows and patio doors backed by Pella.

The confidence of Pella's warranty.

Pella products are backed by some of the strongest warranties in the business. See written limited warranty for details, including exceptions and limitations, at pella.com/warranty.

Pella® 250 Series

Vinyl

Pella 250 Series

Innovative security and privacy features

Optional security and privacy features on windows and patio doors give your customers more peace of mind.

52% stronger window frames¹

Insulating frame chambers improve energy efficiency and multi-chambered window frame designs are 52% stronger than ordinary vinyl.¹

62% more energy efficient²

Windows with triple-pane glass create a more comfortable home than windows with single-pane glass.

Strong and Secure Vinyl.

Improved security. Pella 250 Series sliding patio doors meet or exceed the highest industry requirements for forced entry and are our most secure vinyl patio doors.³

Unique tamper prevention system. Double- and single-hung windows are designed with an interlocking checkrail, steel hardware reinforcement and a unique anti-jar sill.

Strong vinyl material. With multi-chambered frames and optional steel reinforced sashes, these frames are 52% stronger than ordinary vinyl, resist warping and twisting and install easily.¹

More of Everything You Love.

Excellent energy efficiency. Multiple insulating air chambers deliver comfort for your customers. Upgraded triple-pane windows are on average 62% more energy efficient than single-pane windows.²

Exclusive vinyl formula. Using our exclusive fade-resistant formula, Pella's high-grade vinyl is performance-tested for excellent durability and weathering.

Quality that lasts. To help ensure our products exceed industry requirements and expectations, we test both the entire window and individual parts for strength and durability.

Pella 250 Series products offer innovative and enhanced security and privacy features for more peace of mind. Our exclusive vinyl formula is performance tested for excellent weathering, durability and color retention. Insulating frame chambers improve energy efficiency and multi-chambered window frame designs are 52% stronger than ordinary vinyl.¹

With innovative and enhanced security and privacy features and our durable and low-maintenance, easy-care vinyl, Pella 250 Series windows and patio doors are a great complement to your project.

Available in these window and patio door styles⁴:

Special shapes also available.

¹ Based on the force required to bend a window frame profile.

² Window energy efficiency calculated in a computer simulation using RESFEN 5.0 default parameters for a 2000 sq. foot existing single-story home when comparing a Pella 250 Series vinyl window with InsulShield Advanced Low-E triple pane glass with argon to a single paned wood or vinyl window. The range of energy efficiency will vary from 54% to 77% and will vary by location. Your actual savings will vary. The average window energy efficiency is based on a national average of 94 modeled cities across the country with an adjustment based on population. For more details see pella.com/methodology.

³ Grade 40 rating achieved on individual 2-panel sliding doors 95" x 95.5" or smaller per ASTM F842, a test for forced entry excluding glass breakage.

⁴ Curved-top single-hung window available in East Region only.

Colors & Finishes

Frame Colors Create a signature look with a solid-color frame. A solid color throughout the vinyl formula keeps minor dings and scratches virtually invisible. Or add design interest with dual-color frames, featuring a White interior frame and your choice of laminated exterior colors.

Solid-Color Frames:

Dual-Color Frames:

Glass & Additional Energy Efficiency Upgrades

InsulShield® Low-E Glass³ Pella's InsulShield® glass collection offers innovative and energy-saving choices for your climate.

Additional Glass Options Additional glass options provide added benefits, such as more strength, improved energy efficiency or additional design options.

Grilles

Grille Types Grilles are color-matched to the window or patio door interior and exterior frame color.

Grille Patterns Choose from one of our standard grille patterns or create a unique look with custom patterns.⁹

Screens¹¹

InView™ InView high-transparency screens come standard and provide a clearer view than conventional fiberglass screens.

Hidden Screen The exclusive, easy-to-use Hidden Screen appears when you open a single-hung, double-hung or sliding window and folds away when the window is closed.

¹ Exterior and interior are an applied laminate finish, not an extruded color. Black available on patio doors only.

² Exterior is an applied laminate finish, not an extruded color.

³ Optional high-altitude Low-E insulating glass available with or without argon on select products.

⁴ Available on awning, casement, sliding, double-hung, single-hung and fixed frame windows and sliding patio doors only.

⁵ Available in both dual-pane and triple-pane glass.

⁶ Available on windows only.

⁷ Appearance of exterior grille color may vary depending on the Low-E insulating glass selection.

⁸ Grilles are not available with blinds-between-the-glass on Pella 250 sliding patio doors.

⁹ Grille patterns offered may vary by product. See specific product information for availability.

¹⁰ Only available with a curved product or curved glass.

¹¹ Warning: Use caution when children or pets are around open windows and doors.

Window Hardware

Casement & Awning

Our casement and awning hardware folds neatly out of the way so it won't interfere with roomside window treatments.

¹ Available in color-matched finishes only.

² Available in White and Black on premium panel styles only.

³ Fossil available on sliding patio doors only.

⁴ Available as an exterior finish only.

⁵ Grade 40 rating achieved on individual 2-panel sliding doors 95" x 95.5" or smaller per ASTM F842, a test for forced entry excluding glass breakage.

⁶ Available on dual-pane products only. Not available on sliding patio doors with grilles-between-the-glass.

Encompass by Pella®

Vinyl

Competitively priced

Easy-care, low-maintenance vinyl at a price that is easy on the budget.

Energy-efficient options

Offering solutions to improve comfort and help save on heating and cooling costs.

Backed by Pella

A leader in the window and door industry and a brand that has been trusted for 100 years.

Encompass by Pella

Easy-care vinyl.

Low-maintenance. The solid color throughout keeps minor dings and scratches virtually invisible and doesn't require painting.

More comfortable. Pella's weather protection system helps protect a home from leaks and drafts.

Stand the test of time. Our precision welding process makes a strong and more durable product that resists warping and twisting.

Designed to make life easier.

Easy operation. Pella's constant force balance system allows single- and double-hung windows to open and close easily and quietly.

Dust-free between-the-glass grilles and blinds. Never worry about cleaning between-the-glass grilles and blinds. Grilles-between-the-glass are sealed between glass on windows and patio doors and blinds-between-the-glass are sealed between glass on patio doors. This keeps the grilles and blinds safe from dust and damage.

Limited lifetime warranty. Backed by one of the best warranties in the business, you can be confident in your selection.²

With Encompass by Pella, you can get windows and patio doors backed by the brand you know and trust, at a price that is easy on the budget.

Featuring low-maintenance, high-grade vinyl frames, these windows are energy efficient and look great for years. Lower heating and cooling costs with energy-efficient options that will meet or exceed ENERGY STAR® guidelines in all 50 states:¹

¹ Some Pella products may not meet ENERGY STAR® guidelines in Canada. For more information, contact your local Pella sales representative or go to energystar.gc.ca.

² The Pella Limited Lifetime Warranty is non-prorated, meaning the coverages within the defined warranty periods do not decrease over time. See written limited warranty for details, including exceptions and limitations, at installpella.com/warranties, or contact Pella Customer Service at 866-319-0397.
