Commonly asked questions:

I want to party in Paradise, how do I get started?

The best way to get the process started is to visit our website www.ParadiseIslandBowl.com and click the "book a party" button to submit a party request form to our event team. **Please allow up to 72 hours for a response**

Do I need to provide anything?

We provide plates, cups, napkins, and table coverings. They are a basic bowling birthday party theme. You are welcome to provide your own if there is a certain theme for your party. The price does not adjust if you choose to do so. You may also provide any additional decorations you would like, we just ask that there is no glitter or confetti and nothing hung on the walls that will damage the paint.

Can I bring outside food?

No, outside food and beverage is not allowed anywhere on our property. Birthday cakes and or cupcakes are the only exception to this, you may bring these in for your party.

What is the schedule of the party?

All of our birthday parties are two hour parties, the first hour of the party is bowling. At the end of the first hour the kids will return to the party room where pizza will be served and arcade cards distributed. The second hour is open for you to serve cake, open gifts, or spend time in the arcade.

Are there any extra charges?

All of the birthday parties will have an 18% auto gratuity added to the party total. Adult bowling lanes are available at the normal time rate of \$49 per lane, per hour, with shoe rental costing \$4.95 per pair.

Can I substitute items in the packages?

No, there are no substitutions for our birthday party packages, you may always add on. And if you would like additional options, please inquire about our full group and event party packages.

These kids are nuts, everyone has a practice, or is sick, or something... When do you need everything finalized?

First off, we get it! Don't worry, we're right there with you. We ask you to provide us a final headcount by the Monday prior to your party. When giving us initial numbers, give us how many you're inviting. This allows us to know the correct number of lanes to set aside for your group, so don't worry about getting this number correct. We understand things will change as we get closer to your party. Don't stress!
