HATE CRIME STOPS HERE

如何制止亞裔受欺凌？

Man accused of punching 67-year-old Asian woman
125 times in N.Y. pleads guilty to hate crime

That's the way it should be.
You think by now things would
be a lot different.
They're not.

So many other groups get the respect they demand because public figures pay attention to them.

WHY?

Those other groups show up. They participate. They vote.

What can we do to get more of the respect we deserve?

Show up.

Be counted.

Show power.

When you participate they take each and every one of us much more seriously.

**讓各方人士們重視亞裔受欺凌的犯罪行爲，最有效的方式，
就是我們大家共同參與投票**

This is the best way to help them make sure that hate crimes really do stop here.

參與投票是我們最好制止亞裔受欺罪行的方法！

Tuesday November 8th, show up and vote.
