VIEWINGS OPEN

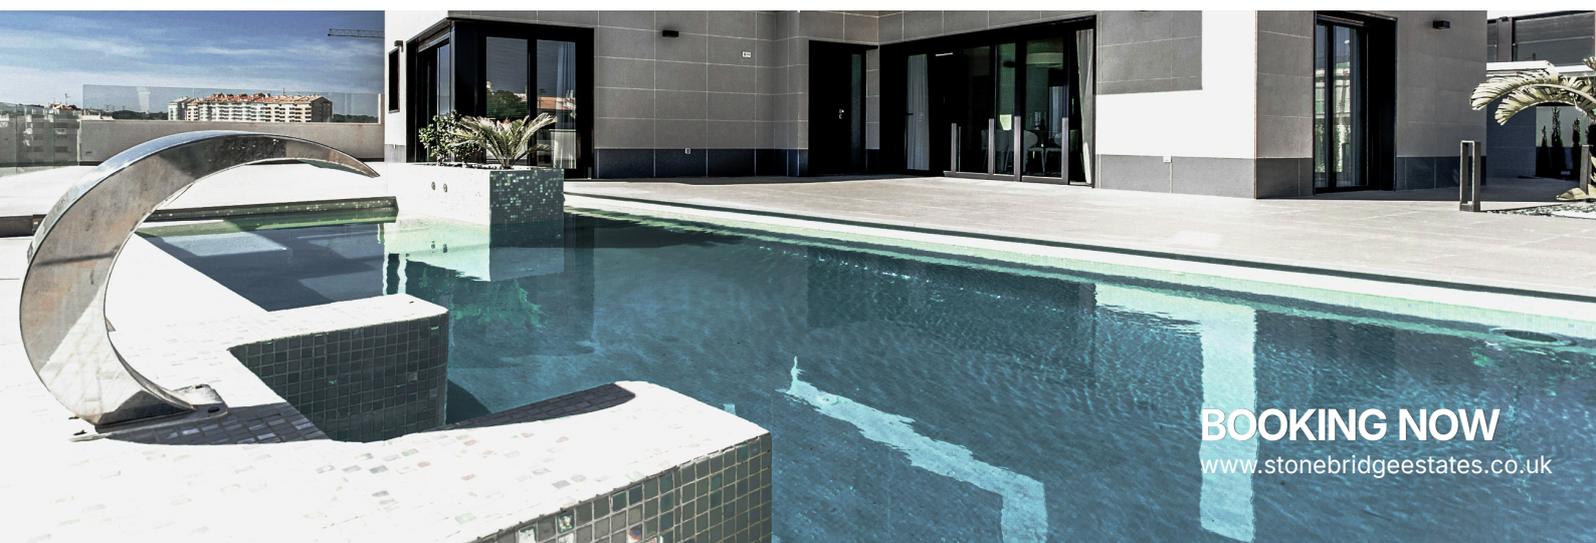

Set behind electric gates on a generous private plot, this striking five-bedroom detached residence has been comprehensively redesigned to offer the very best in contemporary family living. Every detail has been carefully considered, from the oak flooring to the smart home system that runs throughout.

The ground floor centres on a magnificent open-plan kitchen and living space fitted with premium Siemens appliances and a large island with waterfall quartz worktop. A separate formal reception room, home office, and wine cellar complete the ground floor accommodation.

Upstairs, the principal suite features a dressing room and a luxurious en-suite with underfloor heating, walk-in rainfall shower, and freestanding bath. Four further bedrooms — two with en-suites — provide excellent flexibility for family or guest accommodation.

Outside, the grounds include a heated swimming pool, extensive patio entertaining area, manicured lawns, and a detached double garage with EV charging. The property is accessed via a sweeping resin-bound driveway with parking for multiple vehicles.
