

ASSESSMENT JOURNEY

Get Psyched Inc, Misty Bonta, LEP/ABSNP

INTAKE MEETING

1. Share IEE approval or deposit if needed.
2. Gather previous evaluations and IEPs (send to Misty)
3. Complete intake forms and sign consent
4. Schedule a meeting with Misty/Team via Zoom or in person for **intake**.

OBSERVATIONS & INTERVIEWS

We'll coordinate with the school to arrange **class observations**, interview teachers and staff, speak with outside providers like ABA therapists, and review school records. *Release of Information must be signed (during consent forms)*

TESTING SESSIONS

We'll explore how your child's brain works through direct meetings and interviews, using cognitive, academic, social-emotional, and behavioral tools to identify strengths and support needs. This usually involves **3-5 testing sessions** at the La Mesa office.

PARENT FEEDBACK

We collaborate with families throughout the process, starting with feedback at intake. You're encouraged to reach out anytime. We'll review results with you **before IEP meetings** to ensure you understand the findings and address any questions or concerns.

CHILD FEEDBACK

We involve your child in assessments to help them understand their brain, strengths, and learning style, empowering them to **celebrate their neurodivergence** and find supportive tools.

SCHOOL MEETING

Once the report, testing, and feedback are complete, we'll meet with the school team for an **IEP meeting** to share insights about your child and discuss what they need to thrive in school.

SHARE WITH PROVIDERS

We'll share this information with your child's providers, like therapists, to ensure continuity of care. We believe in a **holistic approach** where everyone works together to support your child.

FOLLOW UP

We're here to answer your questions and ensure your child gets what they need. **We care** about our families and want to know how you're doing!
