In continuation to this Ministry's General Circular No. 20/2020 dated 05.05.2020, General Circular No. 02/2022 dated 05.05.2022 and General Circular No. 10/2022 dated 28.12.2022 and after due examination, it has been decided to allow companies whose AGMs are due in the Year 2023 or 2024, to conduct their AGMs through VC or OAVM on or before 30th September, 2024 in accordance with the requirements laid down in Para 3 and Para 4 of the General Circular No. 20/2020 dated 05.05.2020.

THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins from 9:00 A.M. IST on Saturday, 27th July 2024 and ends at 5.00 P.M. on Monday, 29th July 2024 During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date Tuesday, 23rd July 2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote evoting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in Demat mode are allowed to vote through their Demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their Demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

6. MANAGEMENT DISCUSSION AND ANALYSIS:

MANAGEMENT DISCUSSION AND ANALYSISFOR FY 2023-24

Economic Trends:

The global economic outlook for 2024 is shaped by a combination of continuing post-Covid pandemic recovery efforts, geopolitical tensions (the Russia-Ukraine war and the ongoing conflict in the Middle East), technological advancements like Generative AI, and shifts inconsumer behaviour. While the exact trajectory variesby region, several overarching trends can be identified. The worldwide growth is expected at 3.1% according to the IMF, which talks of the 3D Reset: Decarbonization, Demographics and Deglobalization, which are shaping the global economy.

In advanced economies such as the United States, Europe, and even Japan, GDP growth continues to rebound strongly in 2024 as the post-Covid recovery has resulted in greater confidence because of the absence of restrictions, but the international conflicts have acted as a dampener, particularly given the uncertainty on commodity prices. Central banks in these regions are likely to begin tapering their monetary stimulus measures and gradually raise interest rates to curb inflationary pressures. However, the pace and timing of these policy adjustments will depend on various factors, such as government spending imperatives in a big election year in several countries, including USA, Britain, India, Indonesia etc.

Geopolitical tensions and trade disputes remain key sources of uncertainty for the global economy. Ongoing conflicts, such as the tensions between the United States and China, slow-burn Brexit negotiations, and regional conflicts in the Middle East and Eastern Europe, have the potential to disrupt supply chains, dampen investor confidence, and undermine economic growth. Moreover, rising protectionism and nationalist policies in some countries could further exacerbate these tensions and hinder international cooperation on trade and investment.

Technological innovation continues to drive economic transformation and reshape industries across the globe. The rapid adoption of digital technologies, automation, and artificial intelligence is revolutionizing production processes, enhancing productivity, and creating new opportunities for businesses and consumers alike. However, these technological advancements also pose challenges, including job displacement, widening income inequality, and concerns about data privacy and cybersecurity.

In short, the global economic outlook for 2024 is characterized by a complex mix of challenges. While the overall trajectory is one of gradual improvement, uncertainties remain, and risks abound.

Opportunities and Challenges:

The forecast for the Indian economy for 2024 presents a mixed picture, influenced by a combination of domestic factors and global dynamics.

India, one of the world's largest emerging economies, is expected to continue its steep recovery from the COVID-19 pandemic, albeit at a somewhat uneven pace. After experiencing a significant contraction in GDPin 2020-21 due to pandemic-induced lockdowns, the economy rebounded in 2021-22 and 2022-23, and is poised for a 7.6 % annual GDP growth in the current fiscal year, supported by robust government stimulus measures, modest agricultural performance, infrastructural investments, digital public infrastructure, and overall stability in fiscal management.

In 2024, India is expected to build on this momentum, with GDP growth likely to accelerate further, driven by increased domestic consumption, investment, and exports. The government's continued focus on infrastructure development and various initiatives like the PLI scheme is likely to spur investment. However, India is seeing

jobless growth and large urban unemployment, and rise in MNREGA pay-outs, which signal a worrying imbalanced development. Also the K-shaped recoveryhas posed challenges in income inequality.

Persistent inflationary pressures, fuelled by rising energy and commodity prices, could weigh on consumer spending and business confidence. The Indian government faces the dual challenge of supporting economic growth while also addressing long-standing structural issues such as high unemployment, agrarian distress, and financial sector reforms.

On the external front, India remains committed to pursuing trade liberalization and strengthening economic ties with key partners, uncertainties surrounding global trade policies and geopolitical dynamics could pose challenges to export-oriented sectors. India's merchandize exports fell for the first time in 4 years in 2023-24.

Environmental sustainability is another area of focus for India's economic forecast. The country faces significant environmental challenges, including air and water pollution, deforestation, and climate change impacts. Efforts to promote renewable energy, improve energy efficiency, and enhance environmental regulations are essential for mitigating these risks and promoting sustainable economic development.

In conclusion, the forecast for the Indian economy points to a continuation of the recovery momentum, supported by domestic policies and reforms and favourable global conditions. However, challenges such as inflationary pressures, regulatory overreach, and delayed structural reforms need to be addressed to ensure sustained and inclusive growth in the years ahead.

Looking closer at our industry, the India soft skills training market reached a value of USD 510 and has grown at a CAGR of 11.3% during 2017-22, according to the report by IMARC. CAGR of 12.8% is being forecasted between 2023-28. The importance of people in organizations cannot be overstated. As businesses adapt to rapid technological advancements, evolving market dynamics, and changing consumer preferences, the role of skilled and knowledgeable employees becomes increasingly critical. A well-trained workforce is essential for organizations to stay competitive, innovate, and drive growth in an ever-changing business environment. Further skill development initiatives of the government create an inducive environment for skills training. However, economic challenges and geographic disparities are major market challenges hamper the ability to serve the larger workforce. CSR initiatives by the corporate sector help to mitigate this gap to some extent. As such our services in soft skills through Dale Carnegie and in employability through Walchand Plus have a potential for sustained growth.

Outlook, Risks and Control

Several key business sectors in India hold significant growth potential due to various factors such as demographic trends, government initiatives, technological advancements, and evolving consumer preferences.

Information Technology (IT) and the Global Capability Centres (GCC): While India's IT sector has seen slower growth recently, it is fuelled by a large pool of skilled professionals, cost competitiveness, and a conducive regulatory environment. With the increasing adoption of digital technologies worldwide, including cloud computing, artificial intelligence, and cybersecurity, Indian IT firms are well-positioned to capitalize on these opportunities and continue their expansion globally. The GCC's are in a rapid growth phase and hold a strong opportunity.

Healthcare and Pharmaceuticals: India's healthcare and pharmaceutical industry is poised for robust growth driven by factors such as rising healthcare awareness, increasing demand for quality healthcare services, and government initiatives to improve healthcare infrastructure. The country is also a major supplier of generic drugs globally, with opportunities for further expansion in both domestic and international markets.

Renewable Energy: As the world moves towards a greener and more sustainable future, India's renewable energy sector presents significant growth opportunities. The government's ambitious targets for renewable energy capacity expansion, coupled with favourable policies and incentives, are attracting investments in solar, wind, and hydroelectric power projects. Additionally, the emphasis on energy transition and environmental sustainability further augments the growth potential of this sector.

E-commerce and Digital Services -: India's e-commerce market is experiencing rapid growth fuelled by increasing internet penetration, smartphone adoption, and shifting consumer preferences towards online shopping. The proliferation of digital payment solutions and logistics infrastructure improvements are further driving the growth of e-commerce companies. Additionally, digital services such as online education, digital entertainment, and telemedicine are witnessing heightened demand, presenting opportunities for innovation and expansion.

Banking, Finance and Insurance sector has traditionally been one of the largest spenders on Training. The traditional BFSI companies organisations now also need to contend with non-traditional competitors, including Google, Amazon, etc. and several innovative self-serve fintech companies thus bolstering market growth.

Overall, these key sectors demonstrate considerable growth potential in India, driven by a combination of domestic demand, government support, technological advancements, and evolving market dynamics. Businesses operating in these sectors stand to benefit from India's growing economy and expanding consumer

As a training organization, we see huge opportunities in the above segments, as they need top quality talent, leadership, managers as well as customer orientation. Our service offerings are well suited to meet their requirements.

Cautionary Statement

We expect Indian companies to face a range of global and domestic risk factors that could impact theiroperations and growth prospects. Globally, factors such as escalating geopolitical tensions, trade disputes, and economic slowdowns in key trading partners pose risks to exportoriented industries. Additionally, uncertainties surrounding global supply chains and commodity price volatility could affect input costs and profitability.

Domestically, challenges such as policy uncertainty, regulatory changes, and bureaucratic hurdles can hinder expansion and investment. business Moreover. inflationary pressures, currency fluctuations, interest rate movements may impact consumer spending patterns and borrowing costs. Political instability on account of the general elections, social unrest, and environmental risks further add to the complexity of the operating environment for Indian companies, necessitating robust risk management strategies to navigate these uncertainties effectively. A slower GDP growth can exacerbate unemployment, lead to reduced human capital sending and make companies defer expenses.

Internal Control Systems

Companies in India face a myriad of regulatory and technological challenges. On the regulatory front, navigating a complex and evolving regulatory environment poses significant hurdles. Changes in tax policies, labour laws, environmental regulations, and compliance requirements demand constant adaptation and investment in legal and regulatory expertise.

In tandem, rapid technological advancements present both opportunities and challenges for companies. Embracing digital transformation is imperative to stay competitive, yet it requires substantial investments in infrastructure, cybersecurity, and talent development. Moreover, the pace of technological change often outstrips regulatory frameworks, leading to uncertainties around data privacy, cybersecurity, and intellectual property rights.

Your company is constantly monitoring and improving our internal control systems to ensure compliance and security.

Financial Performance

Total income achieved during the year under review of 2023-24 is 22% higher at INR 2,960.10 lakhs as against INR 2,423.95 lakhs in the previous year. Income from business operations of the Company has been INR 2,615.55 lakhs as against INR 2,020.11 lakhs in the previous year, showing an increase of 29%, mostly on account of new customers, increase in average deal size, market penetration and customer retention. Owing to increased income from business operations and good working capital management, the EBIDTA on business operations has increased to 7% from 4% in the previous year. The Company has achieved total EBITDA of 17% on total Income as compared to 19% last year which included a one time gain on sale of property.

After providing for current tax of INR 96.51 lakhs, deferred tax income of INR 15.39 lakhs and Other Comprehensive expense of INR 2.60 lakhs, the net profit of the Company is INR 339.02 lakhs as against the net profit of INR 355.69 lakhs in the previous year, showing a reduction of a marginal amount Rs. 16.67 lakhs. We have a resultant total PAT of 12% on total income as compared to 15% last year. The higher PAT in the last year can be attributed to a one-off higher Other Income as explained above.

Human Resources

People are the heart of a training organization, as they are responsible for designing, delivering, andfacilitating training programs that empower individuals with the skills and knowledge needed to excel in their roles. Effective trainers possess not only subject matter expertise but also the ability to engage learners, foster collaboration, and facilitate continuous learning and development. In our organization, we possess some of the best trainers in the country.

Furthermore, in an era marked by remote work and digital collaboration, the human element becomes even more crucial in building connections, fostering a sense of belonging, and supporting employee well-being. Investing in the recruitment, development, and retention of talented trainers and support staff is paramount us to fulfil our mission of equipping individuals and businesses with the skills and competencies needed to succeed in 2024 and beyond. We are committed to doing the same.

Auditor's Report

To,

THE MEMBERS OF WALCHAND PEOPLEFIRST LIMITED

Report on the Audit of the Financial Statements Opinion

We have audited the financial statements of **WALCHAND PEOPLEFIRST LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the statement of Profit and Loss (including other comprehensive income), statement of cash flows and Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its Profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. There are no Key Audit Matters to be reported.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors is responsible for the preparation of the other information. The other information comprises the information included

in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. When we read other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with the governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Management and Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the state of the affairs, profit/loss and other comprehensive income, changes in equity and cash flowsof the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the Indian accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, The Management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of
 the financial statements, whether due to fraud or error,
 design and perform audit procedures responsive to those
 risks, and obtain audit evidence that is sufficient and
 appropriate to provide a basis for our opinion. The risk of
 not detecting a material misstatement resulting from
 fraud is higher than for one resulting from error, as fraud
 may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Managementand Board of Director's use of the going concern basisof accounting in preparation of financial statement and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going
- Evaluate the overall presentation, structure and content
 of the financial statements, including the disclosures, and
 whether the financial statements represent the
 underlying transactions and events in a manner that
 achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books (Also refer our comments in para 2(h)(iv)).
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act;

- e. On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act;
- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements:
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
 - In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act;
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014(as amended), in our
 - opinion and to the best of our information and according to the explanations given to us:
 - The Company has disclosed the impact of pending litigations as on 31st March, 2024 on its financial position in its financial statements – Refer Note 31 to the financial Statements.
 - The Company did not have any long-term contracts including derivative for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the ended March 31, 2024.
 - The Management has represented that, to the best of it's knowledge and belief, no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign ("Intermediaries"), with understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - ii. The Management has represented, that, to the best of it's knowledge and belief, no funds

(which are material either individually or in aggregate) have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- iii. Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- iv. The dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable. Further, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- v. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable form April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirement for record retention is not applicable for the financial year ended March 31, 2024.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") **Opinion**

We have audited the internal financial controls over financial reporting of WALCHAND PEOPLEFIRST LIMITED ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherenceto company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial

controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The Company's Management and Board of Directors are responsible for the preparation and presentation of these financial results that give a true and fair view of the net profit/loss and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid downin Indian Accounting Standards, prescribed under

Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial results, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management and Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Management and Board of Directors are also responsible for overseeing the Company's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Financial Results

Our objectives are to obtain reasonable assurance about whether the financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the company has adequate internal financial control with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial results made by the Management and Board of Directors.
- Evaluate the appropriateness and reasonableness of disclosures made by the Management and board of Directors in terms of the requirement specified under Regulation 33 of Listing Regulations.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial results, including the disclosures, and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the Financial Results of the Company to express an opinion on the Financial Results.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Other matters

I. The Statement includes the results for the quarter ended March 31, 2024 being the balancing figures between the audited figures in respect of full financial year ended March 31, 2024 and the published unaudited year to date figures up to the third quarter of the current financial year, which were subjected to a limited review by us, as required under the Listing Regulations.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO FINANCIAL STATEMENTS

1 Material accounting policies

I General Information:

Walchand PeopleFirst Limited (the 'Company') was incorporated in 1920 under The Indian Companies Act, 1913 having it's registered office at Mumbai, Maharashtra. The Company is engaged in the business of imparting training in soft skills like leaderships, communication, presentation, etc. The Company had acquired the franchise rights to offer, sell, teach and impart the training methods, techniques and programs developed by Dale Carnegie Training & Associates, U.S.A. to individuals and employees of the corporate.

II Material accounting policies

1.1 Basis of preparation of financial statements

(a) Compliance with Ind AS

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(b) Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except certain financial assets and liabilities that are measured at fair value.

(c) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle, and other criteria set out in the Schedule III to the Companies Act 2013. This is based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as up to twelve months for the purpose of current/non-current classification of assets and liabilities.

(d) Authorisation of Financial Statements:

The Financial Statements were authorized for issue in accordance with a resolution of the Board of Directors in its meeting held on May 09, 2024.

(e) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

1.2 Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

1.3 Property, Plant and Equipment

An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

Profit or loss on disposal / scrapping / write off / retirement from active use of an item of property, plant and equipment is recognised in the statement of profit and loss.

Capital Work-in-Progress:

Projects under construction wherein assets are not ready for use in the manner as intended by the management are shown as Capital Work-In-Progress.

1.4 Intangible Assets

Intangible Assets acquired separately are measured on initial recognition at Cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Expenses incurred on franchisee rights and software is treated as an intangible asset.

In-Process Research and Development assets ("IPR&D") or Intangible assets under development:

Acquired research and development intangible assets that are under development are recognised as In-Process Research and Development assets ("IPR&D") or CWIP - Intangible Assets. IPR&D assets are not amortised, but evaluated for potential impairment on an annual basis or when there are indications that the carrying value may not be recoverable.

1.5 <u>Investment Properties</u>

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured at its cost, including related transaction costs and where applicable borrowing costs less depreciation and impairment if any.

1.6 Depreciation and amortisation expenses

a. Depreciation

Depreciation is computed using the Written Down Value Method ("WDV") as per the useful life of the asset as prescribed in part C of Schedule II of the Companies Act, 2013 leaving a residuary value of 5% of original cost of the asset.

b. Amortisation expenses

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives.

1.7 <u>Impairment</u>

- (a) The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.
- (b) After impairment, depreciation/amortisation is provided on the revised carrying amount of the asset over its remaining useful life. A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

1.8 Revenue Recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold, and services rendered is net of variable consideration on account of various discounts, schemes, rebates offered by the Company as part of the contract. Revenue is recognised upon transfer of control of services under a contract.

Revenue is recognised when the amount can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the Company, the costs incurred or to be incurred can be measured reliably, and when the criteria for each of the Company's different activities has been met.

Training Income

- (a) In case of Public Programs, revenue is recognized when program is delivered.
- (b) In case of Corporate Programs, appropriate revenue is recognized when program is delivered.
- (c) In case of long-term course (i.e. courses more than 6 weeks duration), revenue is accrued over the period of the course based on delivery.

Franchisee fees

Revenue from Franchisee Fees is recognised at the date when the Company/ The Franchisor has transferred the Franchise Right to the Franchisee through the signed agreement.

Other Income

- (d) Dividend Revenue is recognized when the shareholders' right to receive payment is established by the balance sheet date.
- (e) Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

1.9 Foreign Currency Transactions

(a) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(b) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(c) Conversion

Foreign currency monetary items are reported using the closing exchange rate.

(d) Exchange Differences

Exchange differences arising on the settlement or restatement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

1.10 Retirement and other Employee Benefits

- (a) Contributions to Provident Fund and Superannuation scheme are defined contribution plans. The Company's contribution paid/ payable toward these defined contributions plans are recognised as expenses in the Statement of Profit and Loss during the period to which the employee renders the related service. There are no other obligations other than the contributions payable to respective funds.
- (b) Company's liability towards gratuity is considered as a Defined Benefit Plan. The present value of the obligations towards Gratuity is determined based on actuarial valuation using the projected unit credit method. The obligation is measured at the present value of estimated future cash flows using a discount rate that is determined by reference to market yields on government securities at the balance sheet date, having maturity periods approximating to the terms of the related obligations.
- (c) Remeasurement gains and losses related to Gratuity liability arising from experience adjustments and changes in actuarial assumptions recognised in Other Comprehensive Income. Other actuarial gains and losses are recognised in full in the period in which they occur in the statement of profit and loss.

1.11 Lease Accounting Policy

(a) As a lessee

At the date of commencement of the lease, the company recognizes a right to use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right to use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right to use assets are depreciated from the commencement date on a straight-line basis over useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right to use asset if the company changes its assessment if whether it will exercise an extension or a termination option. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

(b) As a lessor

Lease income from operating leases where the company is a lessor is recognised as income on a straight-line basis over the lease term. The respective leased assets are included in Investment Property.

1.12 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares). For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity shareholders & the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

1.13 **Taxes**

- (a) Tax expense comprises of current and deferred tax.
- (b) Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. Tax rates and tax laws used to compute amount are those that are enacted or substantially enacted at the balance sheet date.
- (c) 1. Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date.
 - 2. Deferred Tax liabilities are recognised for all timing differences.
 - 3. Deferred tax assets are recognised for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.
 - 4. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws.
 - 5. The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

1.14 Provisions and Contingencies

- (a) A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. At the end of each reporting period, provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at a future date. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.
- (b) Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle obligation.
- (c) Contingent liabilities are disclosed, unless the possibility of an outflow of resources embodying the economic benefit is remote.

1.15 Cash and Cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short term investment with an original maturity of 3 months or less.

1.16 Privilege Leave Benefits

Privilege leave benefits or compensated absences are considered as long term unfunded benefit and is recognized on the basis of an actuarial valuation using the Projected Unit Credit Method determined by an appointed Actuary.

1.17 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial Assets

Initial recognition and measurement:

The Company recognizes a financial asset in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Where the fair value of a financial asset at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognized as a gain or loss in the Statement of Profit and Loss at initial recognition. If the fair value is determined through a quoted market price in an active market for an identical asset (i.e. level 1 input) or through a valuation technique that uses data from observable markets (i.e. level 2 input).

In case the fair value is not determined using a level 1 or level 2 input as mentioned above, the difference between the fair value and transaction price is deferred appropriately and recognized as a gain or loss in the Statement of Profit and Loss only to the extent that such gain or loss arises due to a change in factor that market participants take into account when pricing the financial asset.

Subsequent measurement:

The Company classifies its financial assets into the following categories:

- Financial assets measured at amortized cost
 - A financial asset is measured at the amortized cost if both the following conditions are met:
 - a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and
 - b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Company.

- ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)
 - Where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income (Currently no such choice made), there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to the Statement of Profit and Loss.
- iii. Financial assets measured at fair value through profit or loss (FVTPL) A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above. This is a residual category applied to all other Financial assets of the Company.

Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the Company's Balance Sheet) when:

- i. The contractual rights to cash flows from the financial asset expires;
- ii. The Company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset.

Impairment of financial assets:

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(b) Financial Liabilities:

Initial recognition and measurement:

The Company recognizes a financial liability in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial liabilities are recognized initially at fair value minus, in the case of financial liabilities not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial liability.

Where the fair value of a financial liability at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognized as a gain or loss in the Statement of Profit and Loss at initial recognition if the fair value is determined through a quoted market price in an active market for an identical asset (i.e. level 1 input) or through a valuation technique that uses data from observable markets (i.e. level 2 input). In case the fair value is not determined using a level 1 or level 2 input as mentioned above, the difference between the fair value and transaction price is deferred appropriately and recognized as a gain or loss in the Statement of Profit and Loss only to the extent that such gain or loss arises due to a change in factor that market participants take into account when pricing the financial liability.

Subsequent measurement:

All financial liabilities of the Company are subsequently measured at amortized cost.

Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Particulars	As at March 31, 2024	As at March 31, 2023
Projected Benefit Obligation on Current Assumptions	108.53	101.93
Delta Effect of +1% Change in Rate of Discounting	(8.15)	(2.39)
Delta Effect of -1% Change in Rate of Discounting	9.24	2.54
Delta Effect of +1% Change in Rate of Salary Increase	6.10	1.71
Delta Effect of -1% Change in Rate of Salary Increase	(5.47)	(1.66)
Delta Effect of +1% Change in Rate of Employee Turnover	0.64	0.02
Delta Effect of -1% Change in Rate of Employee Turnover	(0.71)	(0.02)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

- Level 1: hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.
- Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3

FINANCIAL RISK MANAGEMENT

1 Market risk

2 Credit risk

"Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered."

Financial Assets are considered to be of good quality and there is no significant increase in credit risk.
