3. Terms and Definitions:

- a) In this code:
- (1) "Generally information" shall mean- information that is accessible to the public on a non-discriminatory basis and shall not include unverified event or information reported in print or electronic media.

Note: Information published on the website of a stock exchange, would ordinarily be considered as generally available.

- (2) "Insider" shall mean- any person (e.g. Individual, Company, Association or Body of Individuals, whether incorporated or not) who is:
 - i. a connected person (including deemed connected person); or
 - ii. in possession of or having access to unpublished price sensitive information.

Note: Since "generally available information" is defined, it is intended that anyone in possession of or having access to unpublished price sensitive information should be considered an "insider" regardless of how one came in possession of or had access to such information.

Various circumstances are provided to enable such person to demonstrate that they have not indulged in insider trading. Therefore, this definition is intended to bring within its reach any person who is in receipt of or has access to unpublished price sensitive information. The onus of showing that a certain person was in possession of or had access to unpublished price sensitive information at the time of trading would, therefore, be on the person leveling the charge after which the person who has traded when in possession of or having access to unpublished price sensitive information may demonstrate that they were not in such possession or that they have not traded or they could not access or that his trading when in possession of such information was squarely covered by the exonerating.
