

Apple Mac PROOF OF CONCEPT

When it comes to computing environments, it's never been easier to give your students and teachers the freedom of choice.

COMPREHENSIVE IT SUPPORT

Includes end-to-end support and guidance for IT Teams to manage a multi-platform environment, simplifying setup, security, and ongoing management.

ENHANCED LEARNING

Provide teachers and students with familiar technology that supports various educational needs, allowing for an improved learning experience.

SEAMLESS INTEGRATION

Smooth integration of Mac devices into existing Windows-dominant environments, ensuring compatibility.

It's time to add Mac to your stack!

Introduce Mac into your school environment with our Mac Proof of Concept service. Many people feel more engaged and productive when using the tools they know and trust, so why not give them the freedom to learn with the technology they're most comfortable with?

Using a modern workflow, our professional team facilitates a controlled deployment of Mac devices within your school's infrastructure, providing confidence and effectively addressing the challenges commonly associated with Unified Device Management Programs and secure device management in schools.

What's included?

Onboarding Call

A dedicated Project Manager will guide you through your transition and help establish clear goals for the Pilot to ensure measurable outcomes are achieved.

Macbook Air Loan Devices (30 Days)

You will be provided with 2x Macbook Air Loan Devices for up to 30 days.

Setup & Configuration

We ensure robust connectivity for all devices, including Apple School Manager & MDM.

Device Orientation & Support

Up to 3x 1 hour Device Orientation sessions to support end-users as well as Troubleshooting support.

Feedback Survey & Evaluation

A Feedback Survey will be collected along with an Evaluation Meeting at the end of the Program.

WE'RE QLD-ERS!
We're owned,
operated, officed,
and staffed in QLD.
