

COSMIC BEETLE ORGANIC PINOT BLANC

Grape Pinot Blanc

Country Germany

Region Mettenheim

Tasting Note There's a lovely ripple of stone and orchard fruit – green apple, apricot, pear – to keep fruit fans happy, but a neat vein of minerals to remind us this is very much old world in origin. A note of honey, a sprinkle of spice and a big finish complete proceedings.

Table Talk Stefan Sander worked in vineyards around the world before taking over the family vineyard. He has now moved towards Biodynamics.
