Tasting Note A lively golden yellow colour. An extremely complex bouquet, combining aromas of dried flowers such as chamomile, with herbs, ripened and dried fruits and honey. A gentle medium bodied wine on the palate, mineral like, harmonious, elegant and fresh.

Table Talk Zmago Petrič's family's winery is located in Vipavska Dolina and from the very beginning, they have worked organically and biodynamically, devoting their energies to local grape varieties and respecting the natural environment around them.
