

BLenheim ESTATE RAILINGS

TRADITIONALLY USED IN RURAL SETTINGS FROM THE VICTORIAN ERA TO FORM BOUNDARIES ON COUNTRY ESTATES, PARKS AND FARMLAND. THIS SIMPLE VICTORIAN DESIGN OFFERS A ROBUST, YET RESTRAINED ORNATE AND VISUALLY UNOBTRUSIVE CONTINUOUS BOUNDARY SOLUTION.

As an historical footnote, many metal railing systems were removed and recycled during the two world wars due to material shortages. Estate railings are having a renaissance and are being reintroduced across many parklands and estates and are also popular on new residential developments.

CLA Fencing Systems have introduced a modern reproduction of this traditional design. Our Blenheim Estate Railing system is supplied in 1.2m high ready-made 2.0m wide welded panels using stylish 19mm CHS rails giving the Blenheim a modern yet traditional look.

Blenheim Estate Railings system manufactured at our West Midlands facility and offers a quick and economical continuous boundary solution. As with all our other railing systems we manufacture quality matching gates.

STANDARD AND CUSTOM FINISHES

HEIGHT	PANEL HEIGHT	BAR INFILL	PANEL WIDTH	POST CENTRES	RAILS QUANTITY	POST SIZE
1000mm	900mm	19mm CHS	112mm	2000mm	5	40 x 8 flat
