

PALISADE FIXING PACK

Palisade Fixing Packs are essential components for installing, repairing, and maintaining palisade fencing systems. Designed to provide secure and reliable connections between fencing parts, they help keep palisade fencing strong, stable, and properly fixed in place. At CLA Security Fencing Systems, our Palisade Fixing Packs are suitable for replacement work, fencing upgrades, and new installation projects.

FINISHES

- Galvanised
- Green (Powder Coated)
- Black (Powder Coated)
- Other colours on request
