

TOUCH UP SPRAYS

PRODUCT CODE

CLA-ACC-TUSPRAY-400ML-GAL

Touch Up Sprays are designed to repair scratches, scuffs, chips, and minor surface damage on fencing, gates, railings, and steel fabrications. Ideal for maintaining the appearance and protection of powder coated and galvanised products, these easy-to-use aerosol sprays help restore a professional finish while extending product life.

At CLA Security Fencing Systems, our Touch Up Sprays are available in a range of colours and galvanised finishes to match your fencing and gate systems.
