

Partnership Purpose

The Partnership to Align Community Care (Partnership or P2ACC) is a national learning and action network that unites partners across healthcare, community-based organizations, and government to advance sustainable and aligned health and community care systems. The Partnership achieves this work through cross-sector collaboration and co-designed solutions leveraging community care hubs (CCHs) to promote whole-person health.

Mission: To advance sustainable community care hubs (CCHs) as an effective, efficient, community-based care infrastructure to address upstream drivers and achieve whole-person health.

Vision: A fully integrated health care and community ecosystem in which CCHs enable full participation from Community Based Organizations (CBOs) and serve as a critical component of the community care delivery system achieving whole-person health.

About Membership

As a national learning and action network, the Partnership aims to formalize our membership base and to recognize the important cross-sector contributions to past, current, and future work, including hundreds of individuals and organizations who have already contributed to the success of the Partnership. We also seek to welcome those who are interested in getting involved and sharing experience and perspective toward advancing shared goals.

Partnership Members are the backbone of the Partnership — contributing to a supportive learning community, documenting best practices, and advancing CCH maturity and sustainability.

Partnership Members receive the following benefits:

- Public recognition of Partnership participation and contribution to the Partnership
- Receipt of regular newsletter, updates, and action alerts from peers, sector leaders, and subject matter experts
- Eligibility to serve on the P2ACC Steering Committee and/or ad-hoc or standing work groups
- Invitation to participate in quarterly P2ACC meetings and annual membership summit

Partnership Members commit to:

- Support the mission and vision of the Partnership
- Contribute to the success of the Partnership by:
 - promoting the Partnership and the work of its members to interested individuals and organizations
 - participating in Partnership activities
 - contributing to Partnership products and efforts
 - helping the Partnership identify opportunities to support its work

Note: Partnership membership does not constitute a commitment to any particular advocacy position or assume representation of full organization.
